## Lake Villa School Bd. Rehires Architect to Pre-plan K-6 Building

### Crowded Conditions Call for New Building Soon at Lindenhurst

Lake Villa Grade School District has employed Thomas J. Higgins and Associates of Chicago to serve as architects in making preliminary plans for a kindergarten through sixth grade school building at Lindenhurst.

The firm is the same that designed the two additions to the present school and did so well in keeping the costs down.

The new building will be necessary, Supt. M. E. Colbert said, despite the fact that the Prince of Peace Catholic parish is erecting a new 8-room grade school diagonally opposite the public school on Grand ave and Rte. 21.

The Lake Villa Grade school has an enrollment of 885 of which 115 is kindergarten. A big increase is expected in 1958, and Colbert said that if the people favor a bond issue for the new building, it will be erected by that time.

It was necessary this year to open the old Cedar Lake school where 70 are housed and place 25 third grade pupils in a former business office at Lindenhurst to take care of the overflow. This was not (Continued on page 5)

## 1957 Season Tickets Make Fine Christmas Present, on Sale Now

Season tickets for the Antioch swimming pool will go on sale December 1, in order that they may be purchased for Christmas gifts, according to an announcement made this week by Dr. G. W. Jensen, president of the Lions Club Community Service Corporation, builders of the pool.

"Season tickets to the pool make ideal gifts for Christmas," Jensen said, and added that "requests for tickets for presents have already been received."

Application blanks will be available at the State Bank of Antioch, The Antioch News, or may be had by writing directly to the Lions Club Community Service Corp., Box 74, Antioch, Illinois.

Jensen urges that those who will use the tickets for presents make application early in order that the tickets may be delivered in time to be put on the tree.

Rates for the coming season were set at \$20.00 per family of four, and an additional two dollars for each child after the first two. Individual season ticket price will be \$10.00. General admission charges will be upped this year to 50c for children and 75c for adults on week days and 65c and \$1.00 on Sundays and holidays.

## Antioch Rescue Squad Aids Car Crash Victims In Separate Accidents

Frank Allison, 47, of Spring Grove suffered a possible fracture to his spine, a broken collarbone, broken ribs and head cuts when his west-bound car went out of control and rolled over on Loon Lake rd. west of Bock rd. Saturday.

He was taken to Victory Memorial hospital by the Antioch Rescue squad and charged by the county police with reckless driving. His car was demolished.

The rescue squad on Sunday took John A. Bailey, 29, of Great Lakes Naval Training Center to the naval hospital after the car in which he was riding went out of control and crashed into a traffic light pole on the north parkway of Rte. 41 at Rte. 173 Sunday.

Bailey suffered head lacerations and chest injuries.

The accident occurred when the driver, J. T. Bradford, also of Great Lakes, was cut off by an unidentified motorist, forcing him off the road.

## Steady Rain Tuesday Valuable to Antioch

A steady rain most of Tuesday was exceedingly valuable to Antioch and the rest of Lake county. This area has been approximately 9 inches short in moisture and the kind yesterday that soaked in will be especially good for winter wheat, pasture and evergreens.

In the west and north the moisture fell as snow and it was plenty deep in some places. Warm air from the south protected most of Illinois and produced the moisture so badly needed without freezing.

## Grade Holidays To Begin December 20

Christmas holidays at Antioch Grade school will begin on Thursday, Dec. 20, according to announcement made at a meeting of the school's PTA Monday evening.

The annual Christmas party will be held on the 19th, with the first, second and third grades in charge. The fifth grade mothers will be in charge of refreshments for the party.

School will reconvene on Wednesday, Jan. 2.

## PTA Hears Plans For New School Building Monday

### Location Not Decided, But Oakland District Favored

Almost one hundred parents and teachers heard a discussion on plans for erection of a new school building for Antioch Consolidated school at a meeting of the PTA Monday evening at the school.

Gilbert Johnson and Mr. Tundeh of the Gilbert Johnson architectural firm, Rockford, were speakers and explained some of the features that might be incorporated into the building plans.

Members of the school board also spoke briefly and answered questions. Location of the new building has not been decided but it seems likely that it may be placed on the Oakland school property. Twenty acres of ground adjoining the present school site there is owned by the district.

The regular December meeting of the PTA will not be held on account of the Christmas holidays, and the next meeting will be held Jan. 21, 1957.

## A.T.H.S. Band Draws Large Crowd at Fall Concert in Auditorium

A large crowd attended the concert given last Friday by the Antioch Township High School band which gave a good performance despite the earliness of the season.

Director Louis Chenette said the band received many compliments. Many of the members who participated in the summer program and the contest at the Illinois State Fair wore their ribbons showing their second place winnings among the bands at the fair.

Several band directors from other schools, who have become aware of Antioch's good showing in sectional and state contests, were present to observe the performance.

## Factory Representative Confers With Board on Locating in Antioch

A representative of a Chicago manufacturing concern met last night with the village board and representatives of the Antioch Chamber of Commerce and declared the desire of his company to move to Antioch if arrangements can be made.

Three plants also would be moved from Wisconsin into the one building containing 100,000 square feet. Eight acres of land such as the village owns would be needed along a railroad siding.

The company established 55 years ago, and having what the representative says is a good financial rating, is seeking consolidation, expansion, and escape from Wisconsin high taxation.

One problem will be to finance construction of the building. The firm is in rented buildings but wants a building it can purchase by installments.

It recently established a plant in this manner in the South.

## Mrs. Renter Wins in Traffic Safety Contest

Mrs. Laura Rentner of 375 Harden st. was winner of 17th place in the International Highway Safety contest conducted by Mechanix Illustrated Magazine, New York, and has received a complete Eastman Kodak movie set worth \$286.

There were 39 winners in the contest and entries totaled more than 125,000. Contestants were required to solve four puzzles which had safety as a theme and resembled crossword forms.

**Fox Lake to Celebrate**  
Fox Lake has set Aug. 24 to Sept. 1 as the date next year for its Golden Jubilee. Committees are at work gathering historical data to be woven into a pageant. There will be a water carnival and land parades.

## Browning Resigns as Chairman, Director of Fox Lake State Bank

### Chicago Attorney Investigated in Connection With The Hodge Scandal

Atty. J. Roy Browning, Chicago, yesterday resigned as chairman of the board of directors of the Fox Lake State bank and as a member of the board.

Browning has been under investigation in connection with the scandal involving former State Auditor Orville E. Hodge, and although he gave no reason for his resignation, it was thought that since publicity has been given his dealings with Hodge, he resigned to keep the bank from any embarrassment.

The two statements of resignation, one as chairman and the other as board member were no longer than 10 words each, according to Albert E. Hoffmeyer, a director, who was elected acting chairman to serve until the annual meeting the second Tuesday in January.

Browning and Sol Bass of Chicago helped the Fox Lake business men organize their bank a year ago last Jan. 15, and was elected to his second term this year.

The bank started with assets of \$108,000 and now owns its own equipment and has assets of \$2,240,000.

Browning is being investigated by the Securities Exchange Commission in connection with the claim of the Union Electric Co. of St. Louis that it paid \$35,000 for attorney fees and other services which included lobbying to get a bill passed by which that firm would get state tax reduction.

Hodge was to do the lobbying and Browning was to do the legal work. Browning said he never got his \$7,000 fee said to have been paid to Hodge.

"We always found Browning on the up and up," said Hoffmeyer.

## Lloyd L. Barnstable Of Lake Villa Dies

Lloyd L. Barnstable, 43, Lake Villa, died at 5 p. m. Friday at Highland Park hospital after a week's illness.

He was born Feb. 9, 1913 in Lake Villa and lived there all of his life. Mr. Barnstable was a member of Pansteel Lodge 1777 of International Association of Machinists. He had been employed in Department 431 of Pansteel Metallurgical Company for the past fourteen years.

Survivors are his wife Ada, and one daughter JoAnn, his parents, Leo and Lela Barnstable, a sister, Edna Jean Bots, all of Lake Villa.

Funeral services were held at 2 p. m. Monday at the Strang Funeral home. The Rev. Gerald Robinson officiated.

Interment was in Fox Lake cemetery.

## Wilmot Panthers Win 3rd Conference Tilt From E. Troy, 61-51

The Wilmot Panthers continued their winning streak by taking the East Troy cagers to the tune of 61-51 last night on the Wilmot floor.

As in all past games this season the Panthers came from behind to win. Score by quarters was Wilmot 15, Troy 11; Wilmot 9, Troy 15, to make the halftime total of 24-26 with Troy on the long end.

The Panthers came back in the second half to score 37 while the opponents could account for only 25.

Dick Timmer was again high scorer with a total of 35 points on 13 field goals and nine free tosses. Ed Skora played his usual good game and accounted for a number of points. Timmer has scored 101 points in three conference games.

The Panthers meet the tough (continued on page 5)

## Gym Class For Women Meets Wednesdays At Antioch High School

A gymnasium class for married women has been organized at Antioch high school with meetings set for Wednesday evenings from 8 to 9:45 p. m.

Mrs. Robert Lemke is in charge of the program, and explains that various sports which can be conducted indoors such as volleyball, softball, etc., are played.

All married women of the community are invited to attend and more specific information may be had by telephoning Antioch 548-M2.

## WE'RE THANKFUL FOR...

## Stores Close - Some Today - for Thanksgiving Services in Church Tomorrow Attract Humble

### Antioch Girl Mourns Loss of Cocker-spaniel

Carolyn Smith, 15, a freshman at Antioch Township High school is a recent newcomer to Antioch.

Long before she and her parents, Mr. and Mrs. H. O. Smith came back to the United States from Casa Blanca, French Morocco, N. Africa, she expressed her wish for a black male cocker spaniel.

Where the Smiths lived before, they were not permitted to have dogs. She was told that if she saved her money she could have a dog when they got to a place where she could house it.

Then came the time when the family moved to Antioch and she found that a dog could be kept in the apartment. The dog was purchased—it took all of her three-year savings—and Carolyn was happy.

Two weeks ago the dog, a pedigree animal, disappeared and Carolyn has been sorrowful since. She is hoping that someone will return it to 1106 Bishop st. by Thursday. She wants to spend a happy Thanksgiving Day.

## Salem Township Plans Civil Defense Set-up

Preston Stoxen of Trevor, Wis., has been appointed civil defense director for Salem township by Earl Elfers, town chairman.

The appointment was made recently at a meeting of the fire departments of Trevor, Wilmot, and Salem, at Trevor.

The group is planning a joint civil defense organization, according to Joseph T. Ripp, county civil defense co-ordinator.

Present at the session were: Harry Dexter, Trevor, fire chief; Al Johnson and Frank Mattis; Ronald Patrick, Salem fire chief, and Harry Messmer, assistant Salem fire chief; Melvin Lake, president, Wilmot volunteer fire department, and Martin Jerde.

In making plans for a joint CD organization, the group is studying the possibility of obtaining surplus properties from the armed forces. The surplus material would provide them with needed equipment.

## Frank H. Rudolph, 81, Of Trevor, Wis. Dies

Funeral services were held at 1:30 p. m. Saturday at the Hansen Funeral home in Kenosha for Frank H. Rudolph, 81, of Trevor, Wis., who died at his home Friday following a four-day illness.

Mr. Rudolph was born at Channel Lake July 23, 1875 and spent his youth there before moving to Silver Lake, Wis., where he operated an ice business. He moved to Trevor in 1937.

Surviving is a grandson, Robert Rudolph of Silver Lake. Burial was in the Holy Name cemetery, Wilmot.

**Attends Principals' Meeting**  
Principal A. L. Dittman of Antioch Township High school attended a meeting of school executives at Fenton high school, Bensenville, yesterday afternoon. Social science department heads were guests and discussed new methods and courses in that field of study. Those present were from the Northwest Suburban Conference, of this year's membership. On Monday Mr. Dittman attended the annual meeting of the Illinois Association of High School Administrators at the Sherman hotel in Chicago.

## Smoke From Burning Home Caused Death Of Schnaebele Child

### Donald, 2½, Pulled From Burning Building by Fireman Succumbs

Funeral services were held at 11 a. m. Monday at St. Peter's church in Spring Grove for Donald Schnaebele, 2½, son of Mr. and Mrs. Austin R. Schnaebele, who died at 11 p. m. Friday at St. Theresa hospital from smoke fumes he inhaled when his home at Rte. 59, Lake Villa, was ruined earlier in the day.

The Rev. Fr. Dalcide officiated at the service and interment was in St. Peter's Church cemetery.

Faulty wiring was blamed for the blaze which almost destroyed the Schnaebele home. Mr. Schnaebele was awakened from his afternoon sleep by the barking of the family dog and got Jacqueline, 4, and Robert, 10 months old, out.

He was walking about in a daze when Lake Villa firemen arrived and told them no one else was in the house, that Mrs. Schnaebele and the other children were out shopping.

One fireman glanced in a bedroom window and saw the little boy on the bed. He broke in and got the youngster out and summoned the Antioch Rescue squad. The first aid men gave the boy oxygen and took him to the office of an Antioch physician, who ordered him taken to St. Theresa hospital when he showed signs of reviving. Death occurred, however, six hours later.

The father of the youth is employed at the Frank G. Hough Co. plant at Libertyville.

Surviving besides the parents are the brothers and sisters, Joseph J., Charles, Robert, Carol Ann, and Jacqueline. The maternal grandparents are Emmett and Erna Baer, Sr., Round Lake, and the paternal grandparents, Austin Sr. and Isabella Schnaebele.

The body rested at the Strang Funeral home until the time of the funeral.

## Antioch and Richmond Tangle Here Tonight; Libertyville Won 66-45

The Antioch High School varsity basketball team will try to get back on the victory track here tonight in a game with Richmond after having dropped the opener to Libertyville there in another non-conference game, 66-45.

The game at Libertyville indicated two things (1) that the Wildcats are on their way to a North Suburban Conference championship and (2) that the Antioch Sequoias are having to dig in if they want to make as good a showing as the football team did after getting a bad start.

The victory for Libertyville was the first over the Sequoias since 1952. Only the 44-32 decision of the Antioch Soph-Erosch over the Libertyville underclassmen in the preliminary lessened the sting of the varsity defeat.

The Wildcats were hot, that's true, making 40 per cent of their shots from the floor. They also controlled the boards and held Jerry Huml, Antioch ace to two field goals. Huml made six of his 10 foul goals. Wayne Herbst, Antioch 6-4 junior center, played a good game, scoring (continued on page 5)

## No Federal Aid for Us, Says Fire Chief About Civil Defense Offer

Federal aid to fire departments and rescue squad through Civil Defense is falling on deaf ears so far as the Antioch organizations are concerned.

"We are pretty well fixed so far as fire fighting equipment is concerned," said Chief Edgar Simonsen. "In the past we have steered clear of federal aid because it always controls whatever it gives and can divert the equipment to any other place it wishes without notice."

"We like to have our own equipment and be able to sell it any time we wish if we see there is something better," Chief Simonsen said.

Many communities without sufficient equipment and no money to buy it are seeking federal aid to obtain it.

**Willowdale Machine Looted**  
A milk dispensing machine of the Willowdale Dairy was broken into at the Indian Creek garage at Half Day and \$15 taken. A crew driver was used to pry open the door of the machine.

## Motorists Of The Future May Travel On 'Bump Free' Continuous Pavement

"Bump Free" rides on continuously reinforced concrete pavement are available now in at least five parts of the United States, according to American Iron and Steel Institute. Many other highways may be similarly improved in the future. Research is now going forward to place the design of such roads on a sound engineering basis.

The "bump-bump-bump" effect is caused by the joints in the highways. These roads were built in segments, to allow for expansion and contraction due to temperature changes.

Engineers now believe that the joints may be unnecessary. They say that continuously reinforced concrete pavement may result in lower maintenance costs, in addition to providing smoother rides.

Indiana, Illinois, New Jersey, California and Texas are among the states that have stretches of continuously reinforced concrete pavement. The Indiana road was built in 1938, followed by Illinois and New Jersey in 1947, California in 1949 and Texas in 1951. A new stretch is being constructed in Pennsylvania.

The Committee on Reinforced Concrete Research of American Iron and Steel Institute—composed of 22 producers of concrete reinforcing bars—is helping to sponsor research on the Pennsylvania highway, which is near York, Pa. The tests are being conducted by Lehigh University.

A prominent highway engineer believes that the life of continuously reinforced concrete pavement will exceed that of other pavement designs by a number of years.

## Do Your Christmas Mailing Early This Year Postmaster Urges

Postmaster Roy I. Kufalk today urges the citizens of Antioch to shop early and mail early this Christmas season to facilitate the processing of the largest Christmas mailing in the history of the Antioch post office.

To put off mailing Christmas cards and parcels until the last moment results in an extra burden being placed on the postal employees and on the postal facilities of the Antioch post office, Mr. Kufalk pointed out.

Every facility of the local post office will be pressed into maximum service so that again this year, as in the past, the Antioch post office will be cleared, if possible, of all Christmas mail by Christmas.

"There are still some people who retain the mistaken idea that a gift or card arriving on Christmas Eve has a special significance," Postmaster Kufalk said. "It is the thought behind the gift or card, not the time of arrival which is the important consideration."

In an appeal to all the citizens of Antioch, Postmaster Kufalk praised the fine cooperation of past years when record mail loads were processed and delivered and asked that this same cooperation be again in evidence this year.

"By following the simple sugges-

## Florence Bolton Becomes Bride Of Arlo Breit

In ceremonies at the Antioch Methodist church at 7 o'clock Saturday, Nov. 10, Miss Florence Bolton, daughter of Mr. and Mrs. Keith Bolton of Lake Villa, became the bride of Arlo Breit of Cross Lake, Wis.

The Rev. Howard Benson officiated at the double ring service. The bride, given in marriage by her father, wore a floor length gown of white tulle with lace over satin. A princess crown of pearls and sequins held her fingertip veil in place. She carried a cascade bouquet of white mums with a white orchid in the center.

Marlene Bolton, sister of the bride was maid of honor.

Mesdames Arnold Bolton and Robert Bolton, sisters-in-law, were bridesmaids. JoAnn Bolton, niece of the bride was junior bridesmaid.

They wore identical dresses of red velvet and carried white muffs with red roses and feathered carnations. Carol Bolton, niece of the bride was flower girl. She wore white lace over tulle and carried a basket of rose petals.

Gene Davis was best man. Jim McKinney and Floyd Gyger were ushers. Keith Bolton, nephew of the bride, was ring bearer.

Ronald Peters, accompanied at the organ by Mrs. William Dow, sang "Wedding Prayer" and "The Lord's Prayer."

A buffet supper was served at the Castle immediately following the ceremony.

The bride is a graduate of Antioch Township High school and the groom attended Union Free High school at Wilmet, Wis.

## Carol Chinn Marries Ray Smith, Libertyville At St. Peters, Nov. 10

Miss Carol Chinn, daughter of Mr. and Mrs. Lester Chinn of 417 Lake st. and Ray William Smith, son of Mr. and Mrs. Ray N. Smith of Libertyville took the vows of marriage November 10 at St. Peter's Catholic church in Antioch.

The bride was given in marriage by her father during a double ring ceremony. She was attended by Mrs. Otto Gussarson as matron of honor and the bridegroom was attended by Gerald Smith, as best man.

Bridesmaids were Miss Barbara Chinn and Miss Beverly Bryant. Ushers were Steve Bolander and Craig McCrae.

The bride's dress had a lace bodice with an illusion net skirt falling into a train. A seed pearl tiara held her illusion veil, and she carried a cascading bouquet of white roses.

The matron of honor wore shrimp colored nylon and carried a cascading bouquet of blue carnations and the bridesmaids wore cotton blue dresses and carried shrimp colored carnations. The little flower girl, Wendy Gussarson, wore a shrimp colored gown and carried blue and shrimp colored flowers.

A reception was held in the Tarfu Club at Loom Lake with Mrs. Etta Holdorf and Mrs. Edith Gerber as Hostesses.

Following a wedding trip to Florida the couple will be at home at 503 N. Milwaukee Avenue, Libertyville, after Nov. 24.

## LAKE VILLA WOMAN'S CLUB TO HOLD CHRISTMAS FAIR

The Lake Villa Woman's club will hold a Christmas Fair and card party Nov. 27 in the school gym. The fair will begin at 7 p. m. and cards and bunco at 8 p. m. Tickets are 75 cents. Refreshments will be served.

## MISS FERRIS HONORED GUEST AT SHOWER

Miss Dorothy Ferris was honored at a surprise kitchen shower given by Mrs. H. F. Rogers November 10 at Emmons school. Thirty guests attended and Miss Ferris received many useful gifts. Her marriage to Mr. Raymond J. Glzynski will take place December 8th.

Mr. and Mrs. Edward Morris will have as guests during the Thanksgiving holidays, Mr. and Mrs. Dean Fuller and family, Carmi, Ill., Mr. and Mrs. Lee Morris and family, Harvey, Mr. and Mrs. Glen James, West Liberty, Iowa, Mr. and Mrs. Paul Morris of Bloomington, Fred Morris and family of Farmer City, and their daughter, Rosalie, who is a student at the Illinois State Normal University, Normal, Illinois.

Miss Gretchen Biel, daughter of Mr. and Mrs. Louis A. Biel of Channel Lake and Miss Nancy Rentner, daughter of Mr. and Mrs. Elmer Rentner, both students at Lawrence College at Appleton, Wis., are spending Thanksgiving holidays with their parents.

Mr. and Mrs. W. C. Petty will entertain at Thanksgiving dinner, Dr. and Mrs. L. J. Murphy of Chicago, Mr. and Mrs. Ernest Erwin of Naperville, their son David of Carroll College, Waukesha, Wis., and their son William and family of Grass Lake.

Mrs. Arlo Breit

## Antioch Chapter O. E. S. Installs Officers Sat.

More than two hundred persons attended installation ceremonies of Antioch Chapter Order of Eastern Star, Saturday evening at the Antioch Grade school. Mrs. Helen Luedtke, installing officer, assisted by Mrs. Barbara Wilson, marshal, Mrs. Homer Gaston, chaplain, Ralph Jacobs organist and Phoebe Bowers, soloist, installed a complete slate of officers, with Mrs. Lillian Woods and Emil Kirschbaum as Worthy Matron and Worthy Patron, and Mr. and Mrs. Robert Pincombe associate matron and patron.

Following the installation ceremonies lunch was served in the school cafeteria.

## WOMEN OF MOOSE TO HELP RETARDED CHILDREN FUND

A committee of Women of the Moose has volunteered to help in the fund drive for Retarded Children Training.

The offer was made at the regular meeting of the organization on Nov. 15 at which 46 members were present.

A large number of members made a trip to Mooseheart on Nov. 7, and all agreed that the trip was well worth while.

A card party will be held at 8:30 p. m., Dec. 7 at the Moose home. Members and their friends are invited.

The committee on child care will hold a variety spread at the Moose Home at 8 p. m. Nov. 26, the proceeds of which will go to Women of the Moose. The birthday march for the month of November honored Bette Heath, Ann Holm, Ruth Hallwas, Lorraine Cisar, and Bernice Kolar.

Refreshments were served by the library committee, Jerri Polson, chairman, Veronica Frible, Ann Gruner, Gladys Schroeder, Erna Toft, Helen Sterbenz, Marilyn Sterbenz, Annette Stuber, Georgia Nelson, and Jean Irving.

Mr. and Mrs. Richard Carter and three daughters Jerilyn, Lee and Patti, of Dayton, Ohio, arrived in Antioch Sunday for a week's visit with Mrs. Carter's parents, Mr. and Mrs. Nason E. Sibley.

Misses Deedie and Mary Tiffany left Antioch Friday for an extended vacation. They will spend Thanksgiving with their brother, Homer, at Dallas, Texas. Afterward they plan to spend the winter in California.

Mrs. B. R. Burke and son Robert and family of Waukegan left Wednesday to spend Thanksgiving holidays in Ohio.

## New O.E.S. Officers Take Charge in Antioch

Mrs. Theodora Kutz, outgoing matron, left, presents the gavel to Mrs. Lillian Woods, which placed her in authority as worthy matron of Antioch Order of Eastern Star at Saturday night's installation. Watching the procedure are Leslie Heath, left, outgoing patron, and Emil Kirschbaum, incoming patron.

Guests for Thanksgiving Day dinner at the home of Mr. and Mrs. Dudley Kennedy will be their son Dennis, U. S. Army, Ft. Sill, Okla., Mr. and Mrs. Walter Forbrich and daughters, Barbara, Joan and Mary and Mr. and Mrs. Martin Felt and daughter Diane, of Chicago.

Mrs. Ethel Runyard of Channel Lake entertained at an early Thanksgiving Day dinner, her brother, Duane Baldwin and wife of Hampshire and her sister, Miss Iva Baldwin of Elgin, on Wednesday.

The Rev. Father and Mrs. Gary Pilemeier of St. Mark's Episcopal church at Evanston will be the guests of the Rev. and Mrs. Edmond Hood, Thanksgiving Day.

Mr. and Mrs. Donald Gaston and children Ralph and Judy will spend Thanksgiving Day with Mrs. Gaston's parents, Mr. and Mrs. Floyd Gordon at Ottawa.

Miss Roberta Jach, of Milwaukee-Dowry College, will be home Nov. 21 for a week's Thanksgiving vacation with her parents, Mr. and Mrs. Fred W. Jach, Rte. 2, Antioch.

Mr. and Mrs. John Dupre, 664 North Main street, will entertain at Thanksgiving dinner at their home Mr. and Mrs. Roman Vos and family.

Donald and Franklin Bassello, students at the University of Illinois, arrived in Antioch Wednesday to spend Thanksgiving with their aunt and uncle, Mr. and Mrs. Preston Reckers, Sr., at Channel Lake.

## Girl Scouts Meet With Brownies at Point Investiture

Girl Scout Troop 58 held a joint investiture with newly organized Brownie Troop 69 on Tuesday, Nov. 20, at 7:45 p. m.

Brownies invested were Cheryl Bock, Marge Ferris, Patty Freels, Nancy Geiger, Linda Schneider, Elaine Sodman, Cheryl Toft, Mary Kay Verkest, and Sharon Woods.

Mrs. Homer Toft was invested as co-leader and Mrs. Eugene Geiger, Mrs. William Woods and Mrs. Albert Sodman as troop committee members.

Brownie Troop 69 is sponsored by the Moose.

Linda Milosi and Janet Balsamello completed their tenderfoot requirements and were invested as Girl Scouts. Also invested was Girl Scout Leader Mrs. A. Wollpert. Mothers of the Brownies and Girl Scouts were guests and refreshments were served following the investiture.

## Moose Initiate 25 In Service Nov. 4

L. C. Mowen, R. Lorenz, M. Alby, W. Ruckoldt, A. Girard, R. D. Coleman, Jr., J. Sershon, P. Hameau, L. Guir, E. Simonsen, W. Kuligowski, E. Mount, J. A. Fuchs, J. D. Irving, C. A. Kagebein, F. Drake, C. L. Anderson, W. Littlejohn, R. Eppers, G. R. Naney, Jr., K. E. DeBell, W. Latal, L. Cushing, H. Hansen, E. E. Donaldson.

## PARENTS ASSN. TO SPONSOR BENEFIT SKATING PARTY

The Antioch Grade School Parents association will sponsor a skating party at Twin Lakes, Wis., Nov. 27 from 6:30 to 9:30 p. m. for the benefit of the Grade School band. Buses will be available for transportation.

## Library News

Library to Celebrate Book Week

Although Book Week for this year will be the week of November 25 through December 1, the theme is "It's always book time." The Antioch Township Library will observe Book Week with Book Week posters and bookmarks decorated by Leonard Weisgard.

Many new books have been added to the children's section of the library. Books for the youngest include: "The Cunning Turtle" by Wiesie, "Georgie" by Bright, Ylla's "The Little Elephant," "The Curious Little Kitten" by Cook, "Third Monkey" by Clark, "The Shoes Fit for a King" by Bill, and a new Dr. Seuss story, "If I Ran the Circus."

Older children will enjoy "The Black Stallion's Courage" by Farley, "Coarse Gold Gulch" by Emery, "Silver Horn of Robin Hood" by Cooke, "Sing-Along Sary" by Moore and "Ransom for a Knight" by Pickard.

For the budding scientist, geologist or historian, the following non-fiction books will be of interest: "Story of the Ice Age" by Wyler, "Book of Reptiles and Amphibians" by Bevans, "The Story of Caves" by Sterling, "Worlds Without End" by Barclay, and "Your World in Motion" by Barrows.

**Bet a Quarter  
ON  
"FANCY"**

**AND YOU'LL  
WIN!**

Investigate this proposition and we'll bet you will be more than amazed... for "Fancy" is the most amazing wall finish you have ever seen. THE EQUAL OF plaster and paint, "Fancy" in one coat... dries so hard that when you scratch it with a quarter... the quarter wears out before you can mar the "Fancy" finish! Believe us... this is a fact... and can only be done with "Fancy".

Easy to apply, it also gives you the opportunity of using any one of numerous designs of finish, which are limited only to the extent of your imagination. It comes in many colors, which must be seen to be appreciated. Why not come in today and let us give you a demonstration on how easy "Fancy" is to use and show you the famous "Quarter Test".

**Remember**—"Fancy" gives you these great features found in no other wall finish!

1. One coat provides for any surface the equal of:
- 1.-Finish Plaster
- 2.-Beautiful Texture
- 3.-Paint (2 coats)
- 4.-Color
2. Easy fool proof application for amateur or professional with brush or roller.
3. No priming or sealing.
4. Fire resistant—water repellent.
5. Mar-proof, chip proof, crack proof.
6. Hides small cracks and holes.
7. Forever scrubbable.
8. Unmatched for beauty and durability.
9. Oil plastic base—no water.

**TRY THE QUARTER TEST**

**NO CAPO**

Millburn

Mrs. Frank Edwards, Correspondent  
Phone Elot 6-3323

Regular services at Millburn Congregational church Nov. 25 include Sunday School at 9:30 a. m. and church services at 9:30 and 11 a. m. Thanksgiving services will be held at Antioch Methodist church Thursday morning, Nov. 22 at 9:30 a. m. Millburn people are to be guests at this service. Rev. L. H. Messersmith will conduct the service.

The Study Group met at the home of Mrs. Herman Jahnke Thursday morning. The next meeting will be at the church Dec. 13 at 9 a. m.

The members of the Pilgrim Fellowship held a Thanksgiving party at the church Sunday evening.

Rev. L. H. Messersmith showed pictures at the 4-H Achievement Day program at Grayslake Friday evening.

Mr. and Mrs. Fred Hughes of Racine, Wis., were dinner guests of Mr. and Mrs. Edward Hoffman Sunday.

Mr. and Mrs. Charles Lucas spent Sunday evening at the Robert Nelson home in Round Lake.

About 200 guests attended the "open house" for Mr. and Mrs. William Bonner at the home of Mr. and Mrs. Roy Bonner at their 45th wedding anniversary Sunday afternoon and evening.

The Ladies Aid Society members and guests will meet at the church Thursday morning, Dec. 6. Business meeting and the election of officers and annual reports will be at 11 a. m. and a pot luck dinner served to the public. Lunch will be followed by devotions and a Christmas program.

The Junior Pilgrim Fellowship of Millburn is sponsoring a movie, "Ma and Pa Kettle on Vacation" Saturday evening, Dec. 1, at 7:30 at the Millburn Congregational church. Donations, adults 50c, and children 35c. Proceed will go to Junior Pilgrim Fellowship Camp fund.

Philip McDonald and son, Philip of Rockford were week-end guests at the A. B. McDonald home.

Mr. and Mrs. Harold Yukel of Oak Lawn spent Monday with Mr. and Mrs. Joseph Strohal.

Mrs. Aubrey Truax of Elkhorn, Wis. spent Saturday and Sunday with her daughter and son, Mr. and Mrs. Roy Bonner.

Edward Anderson of Phoenix, Ariz., is spending several days with relatives in Millburn.

Duane Weber of Southern University was on over night guest Monday at the home of his parents, Mr. and Mrs. C. P. Weber. He is attending the seventh annual Sigma Alpha Eta convention in conjunction with the American Speech and Hearing conference at the Palmer House in Chicago.

Mrs. Frank Edwards spent Friday at the John Edwards home in Libertyville.

Salem

Mrs. Byron Patrick, Correspondent  
Tel. Bristol 110-F22

Mr. William Griffin is a patient at Kenosha hospital, suffering from a heart attack.

Mr. and Mrs. Donald Imrie and children of Lake Mills were Sunday guests of Mr. and Mrs. Robert Imrie.

Mr. and Mrs. Glenn Griffin of Phoenix, Ariz., are visiting Glenn's parents, Mr. and Mrs. William Griffin.

Mr. and Mrs. E. H. Hartnell drove to Green Bay Saturday and spent the week end with Mr. and Mrs. Fred Haigh.

Mrs. Gilbert Tuttle returned from a brief visit with Capt. and Mrs. Gordon Brown at Gary, Ind.

The W. S. C. S. of Salem M. E. church is holding its annual bazaar and turkey dinner at the church parlors on Dec. 1. Serving will begin at 5 o'clock.

Gilbert Tuttle drove to Toronto, Canada and entered his new buff and pearl mink at the Royal Winter Fair. He succeeded in winning nine ribbons on 12 entries.

Mr. and Mrs. Milton Patrick and Mrs. Warden of Trevor spent Sunday evening with Mr. and Mrs. Byron Patrick.

Mr. and Mrs. Conrad Konzinski of Milwaukee spent the week-end with their parents, Mr. and Mrs. Frank Dix.

Mrs. Charlotte Bloss spent the week-end at the home of her son, Milward Bloss and family at Wheatland.

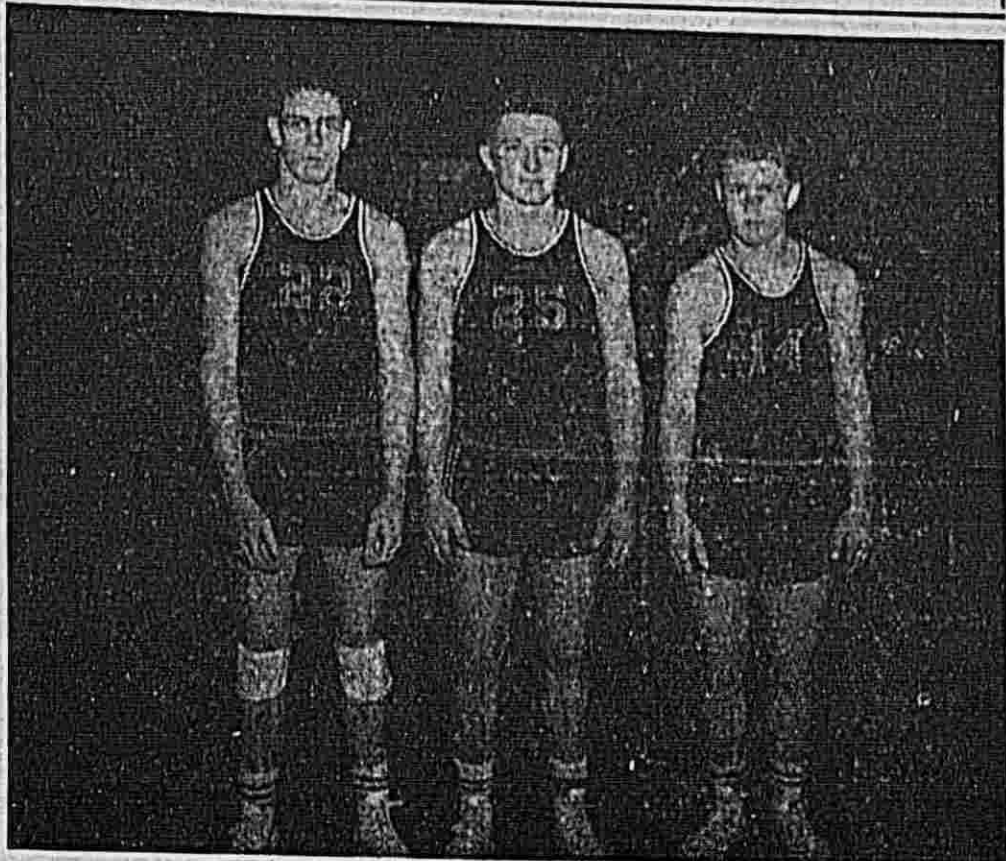

KUHFUSS SUCCEEDS ELLIOTT AS I.A.A. V-P.

Chicago—William J. Kuhfuss, 44, of Maclean, Ill., was elected vice-president of the Illinois Agricultural Association last Thursday.

Mr. Kuhfuss succeeds C. J. Elliott, 67, Streator, who died last Tuesday. Kuhfuss defeated Edwin Gumm of Galesburg in a close race for the post.

Before Kuhfuss was elected, the voting delegates of the 42nd annual meeting of the Illinois Agricultural Association gave an enthusiastic vote of confidence to Otto Steffy, Stronghurst, when they re-elected him president of the IAA in a unanimous ballot.

Big Three Scoring Threat for A.T.H.S.

Wayne Herbst, Gerri Huml, and Lonnie Christianson, left to right, are the big scoring threats on the Antioch Township High School basketball team.

Puritans Bring in the Turkeys

Dressed as Puritans, Harry Miller of 1026 Spafford St., Antioch, and Richard Riihi-maki, Lake Villa, traveled the streets of Antioch this week with signs saying "We came from Plymouth Rock to Antioch for our Jo Pat turkeys."

Grass Lake Scout Fund Approaches Goal of \$340

The Grass Lake community has contributed a total of \$258.75 toward a goal of \$340 in the current Boy Scout finance campaign. Robert Hart, chairman for the community, announced this week.

Grass Lake last year contributed a total of \$280 to the campaign which maintains the North Shore Area Council's program serving the Grass Lake area.

Meanwhile, John Noel, of Mundelein, chairman for the campaign in the Northwest District, which embraces approximately the western half of Lake county, announced that the contributions to date total \$8000, approximately half the \$16,030 goal for the district.

Aiding Hart in the Grass Lake fund campaign have been Les Friber, Harry Jesse, George Pierce, Mike Wojnowiak, Colbie Golden, Wally Moez, Jerry Byrnes, Fred Brown, Ralph Tutien Ray Yancey, and Jim Dobson.

U. S. Navy Recruits Thank County Fairs For Flavored Turkeys

Washington, D. C. (FHTNC)—As U. S. Navy men around the world sit down to their Thanksgiving dinners they will have cause to thank "County Fairs" for the excellent flavor of the turkeys.

Navy Food Service teams have been touring the world since 1953, bent on improving the meals served aboard ships and at shore stations.

When the teams first started their two-week visits to navy galleys, resistance to their kitchen and dining hall tips developed from some of the old timers. They didn't like "outsiders" in their galleys, and the idea lingered that the food service team experts were holding an inspection.

The "Country Fair" is the plan that the teams have adopted to counter this unfounded idea. At the "Fairs," cooks from galleys in the area where the "Fair" is being held are invited to attend. They sit in to watch and judge the results of the visiting cooks and bakers.

As the pies, cakes, salads, meats and other dishes are turned out by the team of experts, local cooks judge and score them. While nobody gets a blue ribbon for "best in show," this coring leads to lively informal discussions of the right and wrong methods of food preparation. To get the feminine viewpoint, wives of the cooks are also invited.

Over 600 commands have been visited—and improved—by the eight teams stationed throughout the world. The idea for teaching teams was worked out by the Navy in cooperation with the Food Service Advisory Committee of the National Security Industrial Association, a group which has been helping the Navy since 1946 to plan better use of excellent food—at least expense to taxpayers.

The Rev. and Mrs. Howard C. Benson will spend Thanksgiving Day in Chicago guests of Mrs. Benson's parents, Mr. and Mrs. George Anderson.

Motor Club President Gives Suggestions To Thanksgiving Drivers

The feasting which is synonymous with Thanksgiving may make you a less proficient driver, warns Chas. M. Mayes, president of the Chicago motor club.

Over-indulgence in food and beverage has a tendency to dull the senses and makes the person less alert when walking or driving, he said, adding:

"It is best to wait a few hours after a cocktail and a turkey dinner before driving any distance."

Because Thanksgiving Day is sandwiched between working days, Hayes issued the following tips to motorists planning long trips to holiday homecoming dinners:

—Since the weather is likely to change quickly within a few hours at this time of the year, it is best to check weather forecasts with your radio station or weather bureau before embarking on a trip.

—If you must travel, take your time so that you can drive at a reasonably safe speed.

—Since most accidents occur after dark, try to plan your trip so that you will drive during daylight hours as much as possible.

—If you are tired or if inclement weather strikes, it is better to play it safe by staying overnight.

—If you must have "one for the road," make it coffee or tea.

—If you become fatigued while driving, stop for a brief rest and drink a cup of coffee or tea.

—Beware of highway hypnosis on long, straight and lonely stretches. Play your car radio loudly if alone.

—Pedestrians who take walks to relieve themselves after a heavy meal should also be alert, particularly after dark, Hayes concluded.

Give Thanks Today Says Commander of Illinois Disabled Vets.

Let us as Americans of this Thanksgiving Day honor and commemorate the many hundreds of thousands of lives which were cut short in the full flower of youth in order that those of us might live a normal lifespan in the free-est, most humane society the world has ever known.

Desmond C. Fortner, Illinois State Commander Disabled American Veterans said today we should commemorate the sacrifices of those millions who in the last 180 years suffered disabling injuries and on the battlefields which they will carry through the remainder of their lives. "Through such sacrifices it has been possible for each American to worship God in full accordance with his conscience and in the manner of his choice, and on each Thanksgiving Day, yearly, we should pray that those sacrifices will not have been in vain." On each Thanksgiving Day and many times throughout the year fathers and mothers offer prayers that these

Wilnot Panthers Win . . .

(continued from page 1)  
Whitewater team Nov. 30.

The Wilnot Panthers have a way of offering their opponents a victory, then snatching it away from them.

Dick Timmer was the main one who did this unfriendly act last Saturday night in the game against Salem Central whom the Panthers beat 59 to 39.

A crowd of 800 saw him and the Panthers trail by a score of 18-11 in the first quarter, 29 to 24 at the half and then streak past the Falcons like a jet plane in the last half to a decided victory.

Coach Ralph Loneragan's Falcons looked impressive during the first half with Ralph Meyers leading the scoring.

Then in the third quarter the Panthers put on a semi-press and before the quarter ended were leading 35-30. In the second half, Timmer scored almost at will as he dribbled through the Falcon defense for lay-up shots. He made 13 of his 26 field goal attempts and added 10 free throws in 16 tries. Ed Skora added seven field goals and two free throws.

Saturday night's game resembled the Friday night game at Union Grove in which Coach Bob Hanke's cagers came from behind in the second half and won, 58 to 46.

The score at the half was 24 to 20. Again it was Timmer who got 21 of his 30 points in the two final quarters and pulled the game out of the fire. Ed Skora finished with 18 points, 13 of which came after the mid-game rest.

Perfume Comes From Elephant's Ear, Deer, Antioch Women Told

Arsha-louise Bedrosian, interpreter of Oriental life, chose "The Romance of Treasure Perfumes" from her list of topics when she spoke before the Antioch Woman's Club on Monday afternoon.

Her purple lavishly jeweled costume was a mixture of Oriental robes with a European skirt. She also wore a heavily jeweled tiara and veil.

She is an Armenian and described her country as the oldest and smallest nation in the world and the first to accept Christianity. She was born in an Armenian parsonage in Turkey. Her father was also a doctor and lawyer.

She spoke of the role of perfume in the lives of some of history's enchantresses and pointed out that choice blends come from the four corners of the earth.

From the Himalaya Mountains of India, comes the powerful and pleasing odor of the male musk deer, she related, and told that the odor of seven musk still perfumes the Taj Mahal after being incorporated into its building materials in 1631.

She named the Sahara Desert as a mecca of delightful odors as the flowers come rapidly into bloom after rain and told of the sweet perfume that comes from the perspiration in the elephant's ear and reminded her audience that the seal was also an unexpected bearer of perfume.

Mrs. Bedrosian told of the Oriental custom of sprinkling perfume instead of rice at weddings and closed her talk by sprinkling her audience.

It was decided at the business meeting to place books in the library in memory of Mrs. E. J. McDougall and Mrs. Carl Clingman and to make it a policy of the club to do likewise for future deceased members.

An Oriental table decoration adorned the front of the room which was set up by Mrs. Gordon Molgaard. A fall motif prevailed at the tea table which was planned by Mrs. J. E. Dompke and her committee and set off by four miniature feathered pheasants.

Every Member Canvass Of St. Ignatius' Is Meeting Good Success

The Every Member canvass at the Parish church of St. Ignatius of Antioch got off to an excellent start Sunday morning, according to the Rector of the Parish, Father Edmond E. Hood. Almost two-thirds of the total number of pledges have already been accounted for, and judging from the excellent results obtained on Sunday morning, it is expected that almost all of the remainder will be accounted for by next Sunday morning.

In a new plan to have all members of the parish renew their pledges for the year 1957, the Vestry of the Parish asked the members of the Parish to attend one of the 3 services on either the 18th or 25th Sunday of November. New members were also asked to begin pledging for the year 1957. A Vestryman will call upon members who found it impossible to attend one of these stated times on either the afternoon or evening of the 25th. The members of the Parish church are justly proud of the basic increase in giving of almost 800 per cent during the past three years which has enabled the parish to expand its activities greatly. In addition, the Rector was pleased to announce that there has been little loss from unpaid pledges during 1956. The Rev. Father Edmond E. Hood will begin his fourth year as Rector of the Parish Church in January.

Mr. and Mrs. H. E. Shepard will have as Thanksgiving holiday guests their son, Walter, and Al Sheets, students at Rolla School of Mines at Rolla, Mo.

Lake Villa School Bd. ...

(continued from page 1)

necessarily due to the pupils that came in from the overcrowded St. Gilbert's parochial school at Grayslake, for they were absorbed in eight different grades.

Lindenhurst was chosen as the site of the school because it is the most thickly settled area. Whether the land offered by the N. H. Engle and Sons Co. will be used is not certain.

By building a K-6 school the present needs will be satisfied and if the district continues to grow another K-6 building can be erected in the west part. Both would feed the 7th and 8th grades to the present building.

Lindenhurst and much of Lake Villa district are in the Antioch Township High School district. The shadow of future needs of the high school is cast from this district.

Freshmen Rank High

Of 3,629 freshman students admitted to the University of Illinois in the fall of 1956, approximately 50 per cent ranked in the upper one-fourth of their high school graduating classes. More than 75 per cent ranked in the upper one-half, while fewer than 7 per cent were in the lower one-quarter.

### Coast Guard Examinations To Be Held February 25-26 In More Than 100 Cities

Cleveland, Ohio—The annual examination for appointment to cadetship in the U. S. Coast Guard will be conducted on February 25-26, 1957, in more than 100 cities in the United States and abroad. Successful applicants may attend the U. S. Coast Guard Academy, New London, Conn.

Appointments are made on the basis of competitive examination and evaluated general adaptability. There are no Congressional appointments or geographical quotas.

An applicant must be a high school senior or graduate, who has reached his 17th but not his 22nd birthday on July 1, 1957. Seniors must graduate and earn 15 credit units by June 30, 1957, with three units in English, two in Algebra, and one in Plane Geometry. Applicants must be in excellent physical condition, between 64 and 78 inches in height, with proportionate weight, and have uncorrected 20/20 vision in each eye.

The Academy curriculum includes academic subjects and military training. Courses are conducted in navigation, seamanship, ordnance, government, English, and advanced mathematics. Upon completion of training at the Academy, cadets are commissioned as Ensigns in the Coast Guard and awarded a bachelor of science degree.

The Coast Guard, the nation's oldest seagoing armed force in continuous service, performs duties vital to maritime safety. It enforces maritime law, operates the International Ice Patrol, mans the ocean weather stations, maintains over 36,000 aids to navigation, and has the fundamental duty of saving life and property at sea.

An information booklet and application form may be obtained by writing or calling the Commander, 9th Coast Guard District, Main Post Office Building, Cleveland, Ohio.

enue. The Department then had the duty to raise or lower the total assessed value of property in any county as submitted by the County Clerk so that such property does not include the right to review or change individual local assessments made by any local assessment officer.

The Department compares valuations put upon property by the local Assessors of a county, as revised by the Board of Review or Board of Appeals, with the estimated full, fair cash value of such property. The Department determines such relationship each year through analysis of bona fide property sales, property appraisals, and

such other means as it considers proper and reasonable.

When the Department has completed its equalization of assessments, it sends to each County Clerk the percentage to be added to or deducted from the locally assessed valuation of property in such county. Then the County clerk applies this percentage adjustment to every individual piece of locally assessed property in the county, both real and personal, and the resulting equalized assessed

valuation is the basis for the extension of the taxes for the year of the assessment.

For convenience in computing the equalized value, the Department also provided each county with a multiplier, which may be used, instead of the percentage equalizer in determining the tax base. For example, if it is found that the aggregate assessed valuation of property in 'X' county for 1956 is 25 per

cent of the estimated full, fair cash value, the percentage to be added is 300 and the multiplier is 4. Accordingly, if the assessed valuation of a vacant lot as locally made is \$75, its equalized valuation for tax

extension purposes by the County Clerk may be determined either by increasing \$75 by 300 per cent, or by multiplying \$75 by 4. Either way, the equalized assessment is \$300.

M. Hruby splattered the maples for 614 - 250.  
John Gaa won three games from The Castle.  
Beau-Vue won three games from Cunningham Cartage.

## For Holiday Glamour Try A Tetrizzini

An elegant buffet dish which makes excellent use of planned holiday leftovers is Turkey Tetrizzini, a lyrical combination of turkey, mushrooms and a pale cream sauce smoothed with evaporated milk and livened with sherry.

Glamorous as the famous soprano from which it takes its name, Turkey Tetrizzini teams beautifully with a tart salad, hot coffee and a pretty dessert for an easy and effective buffet. The evaporated milk adds creaminess and serves as the perfect blending ground for the delicate turkey and mushroom flavors.

## TURKEY TETRIZZINI

1 can (3 or 4 ounces) mushrooms  
1 cup evaporated milk  
2 tablespoons butter or margarine  
2 tablespoons flour  
1/2 teaspoon salt  
1 chicken bouillon cube  
1/2 teaspoon monosodium glutamate  
1/2 teaspoon Tabasco  
2 cups coarsely diced cooked turkey  
1 to 2 tablespoons sherry, optional  
2 cups (4 ounces) cooked macaroni or spaghetti

Drain mushrooms; reserve liquid. Add enough water to liquid to make 1 cup. Combine with evaporated milk. Melt butter in saucepan. Remove from heat and blend in flour, salt, bouillon cube and monosodium glutamate. Gradually add evaporated milk mixture and stir over low heat until mixture thickens and comes to a boil. Add Tabasco, turkey, mushrooms, sherry and macaroni, and bring to serving temperature. If desired, sprinkle with chopped ripe olives.

YIELD: 4 to 6 servings.

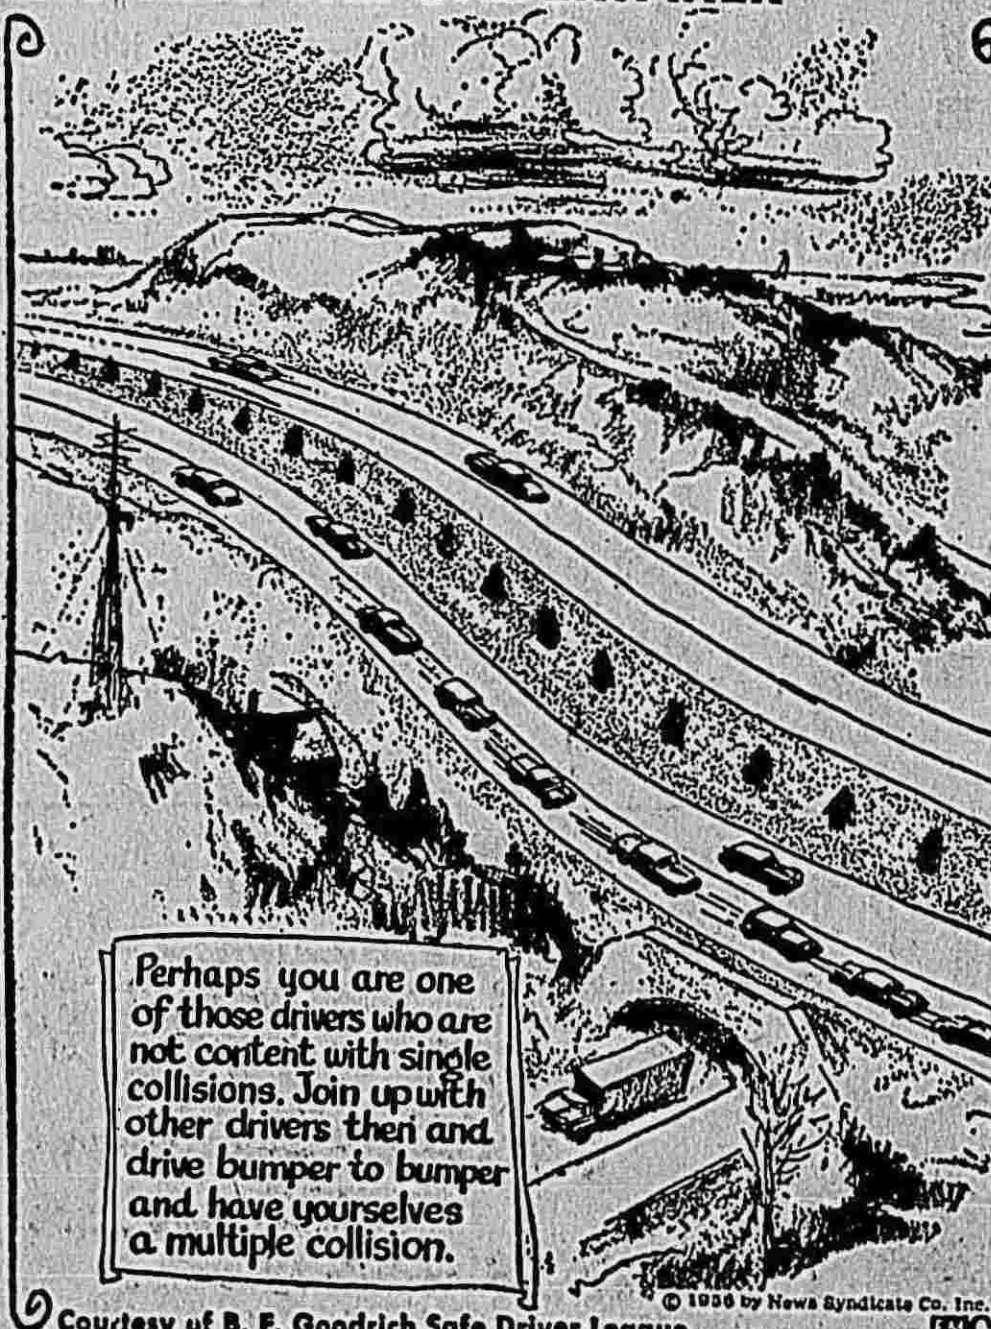

**ODDLY ENOUGH**

THE COLDEST TEMPERATURE EVER RECORDED ON EARTH WAS -90°F AT THE SIBERIAN VILLAGE OF VERKHOYANK

HOTTEST TEMPERATURE YET RECORDED WAS IN NORTHWESTERN LIBYA WHERE THE THERMOMETER REACHED 134.4°F

INHABITANTS OF BOTH THE COLDEST AND HOTTEST PLACES ON EARTH WOULD BENEFIT BY... A NEW SYSTEM INVENTED BY YORK CORPORATION WHICH EXTRACTION OF SUB-FREESING OUTSIDE AIR TO WARM LARGE BUILDINGS WITHOUT USING FUEL IN SUMMER THE SAME SYSTEM REVERSES ITS HEAT-PRODUCING PROCESS TO COOL A BUILDING EVEN DURING THE HOTTEST WEATHER.

## INVITING THE UNDERTAKER-

Perhaps you are one of those drivers who are not content with single collisions. Join up with other drivers then and drive bumper to bumper and have yourselves a multiple collision.

Courtesy of B. F. Goodrich Safe Driver League

Hickory Inn won three from Kirchmeyer.  
Linder's Liquor won two from Antioch Sheet Metal.  
Loon Lake Plumbing took 2 1/2 games from Martin's Radio & TV.

**The Pinpotters**  
Friday, Nov. 16  
Ruralite won high team series, with games of 737-686-770—2173.  
Louise Fernandez was high individual scorer, bowling 175-153-168—total 496.

Jefferson Ice Co. beat Heart O' Lakes Imp. Ass'n.  
Reeves won 2 1/2 games from Garwood Cleaners.  
Antioch News won two games from Harold's Restaurant.  
Grass Lake Lumber won two games from Jerry's Service.  
Ruralite beat Wilson Upholstering all three games.  
Barnstable and Brogan won two games from C & L Builders.

## Nikolaus Fassl, 74, Dies at Wilmot Home After Long Illness

Nikolaus Fassl, 74, Wilmot, Wisconsin, died this (Wednesday) morning at 10:15 at his home after a lingering illness. He was born October 10, 1882 in Hungary. He came to America in 1907, settling in Cincinnati, Ohio, for two years. Since 1909 he had made his home in Kenosha county and for the past ten years had lived at Wilmot. He was a member of Holy Name church and was a retired farmer.

Relatives surviving are his wife, Barbara, and a daughter, Mrs. Eva Stenzel, and two grandsons, Roy and Elmer of Wilmot. He was preceded in death by a brother, Joseph, Feb. 14, 1952.

Funeral services will be held at 9 a. m. Friday at the Strang Funeral home and at 9:30 at Holy Name church in Wilmot. Interment will be in Holy Name cemetery. Friends may call at the funeral home after 3 p. m. Thursday.

## Gets Honorable Mention

Gerri Huml, end on the Antioch Township High School football team was given honorable mention on the all-state football team picked by the Champaign News-Gazette.

Joe Geraci of Grayslake, senior guard, and John Walbaum, Barrington, 185-pound senior quarterback were the two Lake County men named to the first string squad.

## Tavern Fire Loss Minor

A blaze that broke out at the base of a chimney at the Parkside tavern, Rte. 83 north of Antioch, was brought under control quickly last Friday by the Salem Fire department. Damage was confined to some furnace wiring and flooring.

## Milton at Illinois

The world's leading collection of works by John Milton is in the University of Illinois Library. It includes every first edition of Milton's writings printed in his own lifetime, other editions, and critical works on Milton.

## Fulfills Vow

Fulfilling a vow, a Chicago attorney built a \$100,000 church in Dickson, Tenn., because his son returned safely from the war.

## As the Crow Flies

by Richard Joseph

Ever wonder what to do with the time saved by time-saving devices? Then take a tip from the romantic Spanish. In Barcelona washing machines are now being advertised under the slogan: "Mas Tiempo para el Amor." Which means, quite simply, "More Time for Love!"

The most furious letter I ever read was shown to me by an airline executive. Written by a Japanese whose luggage was misplaced, it went: "Mr. Baggage Man, United States of Los Angeles, Gentlemen, Dear Sir: I dare seldom where suitcase are. She no fly. You no more fit a baggage master than for cry-sake out loud. That's all I hope. What the matter you?"

The more often American business men go abroad, the more our products will be enriched with the traditions of the Old World. The beautiful figurine gift decanter used for Old Crow bourbon, for example, is handcrafted at the Royal Doulton potteries in England and is the direct result of a "tourist" visit paid to the potteries by an Old Crow executive.

## WATCH YOUR WEEK-END DRIVING

From a safety standpoint, the worst days of the week to be on the highway are Saturday and Sunday... a time when most persons are killed and injured in road accidents. Watch out for excessive speed and reckless driving. Keep your mind on the job of safety, getting your car to your destination and return without accident.

## Lake Villa Brownie Troop Enjoys Visit To Chicago Museum

Mrs. Lee R. Lewis, Leader Troop 39 Brownie Troop No. 1 of Lake Villa visited Chicago Museum of Science and Industry on Oct. 19. They had an enjoyable time. On Oct. 31 they celebrated Halloween with a costume party a which a scavenger hunt and pin the stem on the pumpkin were played. Punch and cookies were served by the committee mothers, Mrs. Howard Schneider, Mrs. E. Proise and Mrs. Fischer.

The Venetian Village Girl Scout Troop No. 29 has been keeping themselves busy since their start in October. There was the election of officers: Jackie Calabrese, president; Francine Holle, treasurer; Gail Shadick, sergeant-at-arms; Lauren Gordon and Sandra Hay, social chairmen. Then followed a Halloween party to which the girls invited the fly-ups from Brownie Troop 30. Prizes were given for the best costume, which was won by Janis Sebel.

On Nov. 1, the girls had their investiture candlelight ceremony, at which 13 girls and one co-leader were invested.

Coffee and cake were served following the court of awards. While the parents enjoyed their refreshments, the girls put on a Hobo skit.

Members of Girl Scout Troop 39 of Lake Villa have been busy since they started. In Oct. 11 the fly-ups joined the Troop. Oct. 19 they spent the morning visiting Haeger Pottery in Dundee, had lunch in Libertyville and visited a division of Fould Macaroni and Brown's Paper Bag Co. Nov. 4th they marched in the ground breaking ceremony for the Prince of Peace Catholic church. On Nov. 15 they had their investiture. Guest speaker was Mrs. Helen Rathbone. The fly-ups were Susan Gilbanks, Sandra Maeder, Loren Lee Lewis, Carol McCarthy, Wilnette Monnier, Geraldine Paasch, Cheryl Reidel, Rose Marie Schenk, Connie Zorger. New girls, Marilyn Hamlin, Sharon Krueger, Rosa Pleviak, Sandra Schneider.

One year membership stars went to Lynn Chmelir, Sandra Cremin, Sally Flood, Mary Kay Jarvis, Jo Ann Scharrer, Violet Schneider, Diane Siedschlag, Jane Wolff. Committee members invested were Mrs. Aldo Amistani, Mrs. Chas Millsop, Mrs. Lee R. Lewis.

The girls served their parents refreshments.

On Nov. 28th the girls will work on Christmas decorations.

## CHICAGO RETAIL MARKETS FOR NOVEMBER 19-24

CHICAGO—Combined food marketing factors this week enable the homemaker who spends more to realize a greater saving in terms of total value.

Best deals to be found, according to the weekly check of wholesale and retail activity by the University of Illinois consumer service, are in areas of the jumbo sizes, quantity purchases and the top side of the quality scale. Actual dollar expenditure may be more but the most mileage will be achieved.

Consider turkey and the other popular Thanksgiving items. One thing is certain—the traditional market basket is cheaper this year than in quite some time. Turkeys are the reason. As previously reported, all turkeys are in heavier supply this year and the lowest in price this week at a range of 39-49c by size.

Measuring turkey in terms of a 45c consensus price, a 12 pound bird yields 8 1/2 pounds of cooked meat at a cost per quarter-pound serving of 15c. A 6 1/2 pound turkey yields only 3 pounds of edible meat, raising the quarter-pound serving cost to 24c.

Compared to a roasting chicken at a consensus 59c per pound, turkey is a better value (large birds the best)—a 5 pound roaster providing only 2 1/2 pounds of cooked meat at 33c per quarter-pound serving.

Turkey generally is down 4c per pound below prevailing rates earlier this year, and a whopping 6c to 12c by weight under last year's Thanksgiving price. Government purchases haven't dented a tremendous supply picture.

Other meats dropped almost resoundingly at wholesale this week in the face of increased arrivals at the yards (hog runs largest since January, showing the most decline; cattle receipts highest in two months). But this is not reflected

## Motor Club To Launch "Operation Winter" Dec. 3 For Midwest Motorists

With frigid, inclement weather just around the corner, "Operation Winter," to be launched Dec. 3 by the Chicago Motor Club, will keep motorists abreast of road and weather conditions over two-thirds of the nation.

Preparations are being made by the Touring department of the Chicago Motor Club to provide accurate and detailed weather and road information through a 28-state weather network for the fifth consecutive year.

Special teletype machines have been installed in the Motor Club's main offices, 66 E. South Water st., Chicago, to exchange weather information with eight other Midwest cities and 10 eastern cities.

The network is designed to correlate weather information in an area which extends from the Atlantic Seaboard to the Rocky Mountains.

Each participating city in the American Automobile Association's daily weather conferences will have up-to-the-minute weather and road information available for its membership, the radio and press. The Chicago TWX (teletype weather information) will be in operation from 7:30 a. m. to 3:30 p. m. daily except Sundays and holidays.

During inclement weather, the Chicago Motor Club's TWX headquarters will conduct weather conferences with its 55 Illinois and Indiana branch offices.

On Monday, representatives from motor clubs in the participating Midwest cities convened in Chicago for the purpose of making final plans for the efficient transmission of the service. The meeting was held in the Knickerbocker hotel.

Briefly, the operation will work in this manner:

Each motor club in the teletype weather network checks weather and road conditions in an assigned area each day and forwards its reports to Chicago. The various reports are correlated by Chicago Motor Club's trained personnel and relayed to participating clubs in the Midwestern and Eastern weather conferences.

The Midwestern network embraces Indianapolis, Ind.; St. Louis, Mo.; Davenport, Iowa; Minneapolis, Minn.; Madison, Wis.; Milwaukee, Wis.; Omaha, Neb.; Fargo, N. D., and Chicago.

The Eastern conference, operated separately, but a source of information for the Midwestern conference participants, includes Cleveland, Detroit, Buffalo (N. Y.), New Haven, New York City, Philadelphia, Harrisburg (Pa.); Pittsburgh, Columbus (Ohio), Washington, D. C., and Chicago.

Motor Club officials claim this weather and road information is exclusive, unobtainable elsewhere.

## Give Thanks Today . . . . .

(Continued from page 5)

sacrifices will not be a burden on their children, and yet, freedom is never won—it is never secure, it always hangs in a balance. It must be won anew by each generation. Commander Fortner said, "We grasp at each new device such as the League of Nations or the United Nations, which promises to obtain for us freedom without conflict or sacrifice. We hope vaguely that someday or other, in a manner we know not how, strife and conflict will be eliminated between people and nations."

This year when we all sit down to our tables heavy with food let us Thank God for being an American and say a prayer for those still in our hospitals and to the disabled American veterans with every one of its members a living example of what has happened to its youth in the time of conflict.

in retail pricing as most stores hold to last week's levels. One exception, selected beef items such as pot roasts, are down slightly.

Newsmakers on the produce side include cranberries, grapes, apples, broccoli, cauliflower, celery and various nuts—chestnuts, walnuts, and Brazil nuts. Lettuce makes a comeback in better quality and volume, dropping price. Major canned and frozen foods hold value position of week ago.

## Tips on Traffic Safety

By  
CHARLES F. CARPENTIER  
Secretary of State

An extremely hazardous maneuver which some motorists insist upon making is a U-Turn across the divider on divided highways instead of proceeding to the next paved crossover. Such drivers are too impatient to wait until reaching the next crossover or intersection which may be a considerable distance away. In some places, a longitudinal cable or other type of barrier has been placed along the center of the divider to prevent motorists from attempting this maneuver.

Not only should a motorist refrain from attempting such a U-Turn because it is unauthorized, but also because the danger is so great under conditions of heavy, high-speed traffic.

While many motorists may find it inconvenient and time consuming to wait until the next proper crossover is reached, it should be quite obvious that the time will be well spent if it is used in following the proper procedures of the highway. The extra time consumed can hardly be compared to a possible serious injury or loss of life.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

That old favorite, fishnet, is available now in new finishes and colors. A striking table covering can be made from one of these new nets, used alone to glamorize a beautifully-finished tabletop, or in combination with a plain colored tablecloth. Use enough yardage so that the net falls in graceful points almost to the floor. For a seafood feast, bring out your mementoes of a seashore vacation to make a handsome centerpiece of seashells, bright beach pebbles, and driftwood in interesting shapes. Accentuate the airy charm of fishnet with place-settings of graceful Melmac dishes in bold colors.

Children love parties. So keep decorations and appointments simple and keyed to youthful high spirits. Try to gear the activities to the age and capacity of the youngsters. Bring the party to a close before the tears begin to flow. Small fry love the party look of gay molded dinnerware, and mothers appreciate what a cinch it is to wash off those sticky little fingermarks.

## At 33 He Heads Board of Trade

CHICAGO, ILL.—Robert C. Liebenow, 33, recently was named President of the Chicago Board of Trade, largest of all U. S. commodity and security exchanges in dollar volume of trading handled.

Also the oldest contract commodity exchange, the Board of Trade has 85 per cent of the world's grain futures trading, is the world's largest cash market for corn and soybeans and is the world's leading trading center for edible fats and oils.

Mr. Liebenow, a native of South Dakota, is the youngest head of any leading commodity or security exchange. His election marks the first time a non-member has been named to that position in the 108-year history of the Chicago exchange.

The Board of Trade has 1,422 members located in 37 states and 12 foreign countries. A popular tourist attraction, it numbers among its annual visitors persons from 48 states and virtually every foreign country in the world.

## EDDIE the EDUCATOR

Illinois, unlike many other states, does not help needy districts build needed school buildings. The price of neglect is heavy.

Illinois Education Association

No, Thanks  
It was a hungry pussy cat  
Upon Thanksgiving morn  
As he watched a little mouse  
Eating an ear of corn.  
"If I should eat that little mouse,  
How thankful he should be,  
For having made a meal himself,  
To make a meal for me.  
Then with his thanks

For having fed  
And his thanks for feeding me,  
With all his thankfulness  
Inside  
How thankful I should be."  
Thus mused the hungry pussy cat  
Upon Thanksgiving Day,  
But the little mouse  
had overheard  
And declined with thanks to stay.

## Twice around the world and still like new!

Ford is the first and only car ever to travel 50,000 miles in less than 20 days—at an average speed of over 108 mph! That's more mileage than most people put on their cars at normal speeds in five years!

It happened on the Bonneville Salt Flats in Utah! Two '57 Fords—Ford-prepared, preproduction models, identical in every respect with the cars now offered by your Ford Dealer—proved their mettle in the toughest test of automotive stamina ever attempted!

And at the end of almost 20 days and 50,000 miles of continuous driving (with stops only for pit service) both Fords were still going strong!

This is a true test of the ruggedness built into Ford's new Thunderbird deep-block V-8 engines... the matching stamina of the revolutionary new "Inner Ford." This is a reason—one of many—why your low-priced car dollars can't buy finer than Ford for '57.

Drive the endurance record holder '57 FORD

## LET'S KEEP HOME TOWN MONEY AT HOME THIS CHRISTMAS!

Christmas is the season for giving, but let's not "give away" our own home community through short-sighted shopping. Remember, the dollars we spend in our community stay here to support it — to pay taxes, build schools, pave and light streets, and in a hundred ways make our home town a better place to live. Let's give our home town a break this Christmas! Let's do our shopping in our own home town!

## Gala Fruit Cake

It is not too early to begin making your holiday fruit cakes now for it is best to age the cake properly—at least a month, and six weeks time is better. During this period the flavor mellows and moisture in fruits and cake equalize so that it is easy to cut.

This recipe makes two cakes, a round one and a loaf. The cakes are rich and delicious with lots of candied fruits, dried fruits, nuts, a bit of canned pineapple and a touch of Sherry wine.

Here's how we like to store this delicious fruit cake. Remove baking papers from cooled cakes and wrap in cloth moistened in California dessert wine. Then wrap again in waxed paper or aluminum foil. Place in covered metal container. Occasionally (about once a week), sprinkle several tablespoons of wine over cloth to keep slightly moist. Before wrapping as a gift, glaze and decorate.

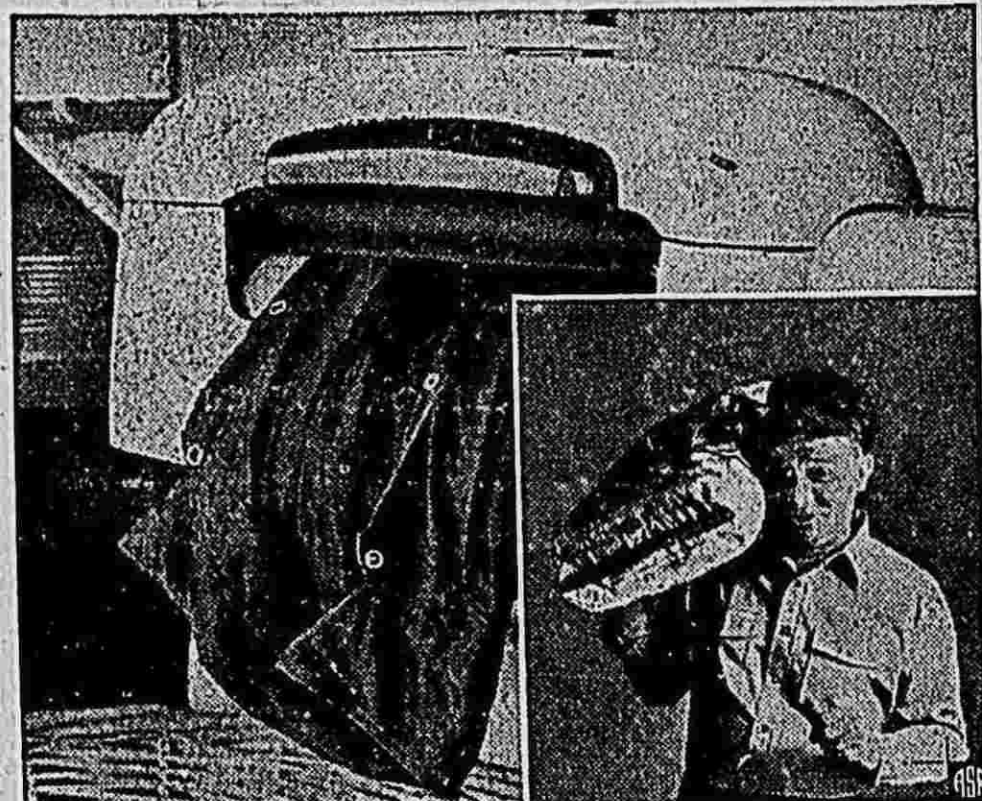

To glaze, boil corn syrup a few seconds and brush on the cake. Decorate with dried fruit and almonds.

## GALA FRUIT CAKE

- |                                   |                                   |
|-----------------------------------|-----------------------------------|
| 1½ cups light or dark raisins     | 1 cup sugar                       |
| 1 cup seeded raisins              | 5 eggs                            |
| ½ cup syrup from canned pineapple | 2 cups sifted cake flour          |
| 2 tablespoons California Sherry   | 1½ teaspoons baking powder        |
| 1 cup dried apricots              | 1 teaspoon salt                   |
| 1½ cups prunes                    | 2 cups roasted blanched almonds   |
| 2 cups sugar for fruit            | ¾ cup finely cut canned pineapple |
| 1 cup water                       | 1 pound candied cherries          |
| 1 cup butter or margarine         | 1 cup broken walnuts              |

Rinse and drain raisins. Combine with pineapple syrup and Sherry, cover closely and let stand over night to plump fruit. Rinse apricots and prunes, cover with boiling water and cook 15 minutes. Drain. Heat 2 cups sugar with 1 cup water to boiling. Add apricots and cook slowly 20 minutes. Remove apricots to wire rack to drain, reserving syrup. Remove pits from prunes, and cook in same syrup for 10 minutes. Drain on wire rack. Cream shortening and remaining 1 cup sugar together thoroughly. Beat in eggs one at a time. Reserve ¾ cup flour for fruits. Sift remaining flour with baking powder and salt. Blend into creamed mixture. Stir in plumped raisins. Chop almonds, apricots and prunes; combine with fruit-nut mixture, pour batter over it and blend well. Turn into 8-inch tube pan and small loaf pan (about 8½ x 4½ x 2¼-inches) which have been lined with 2 thicknesses greased brown paper. Bake in slow oven (300° F.) with shallow pan of hot water on floor of oven. Tube pan will require about 3½ hours, loaf pan about 3 hours. Remove cakes to wire rack to cool, but do not remove paper. Remove baking paper before wrapping in wine soaked cloth and then in waxed paper or foil. Weighs about 6 pounds.

## Wives Welcome No-Button Work Shirt That Saves Hours Of Care!

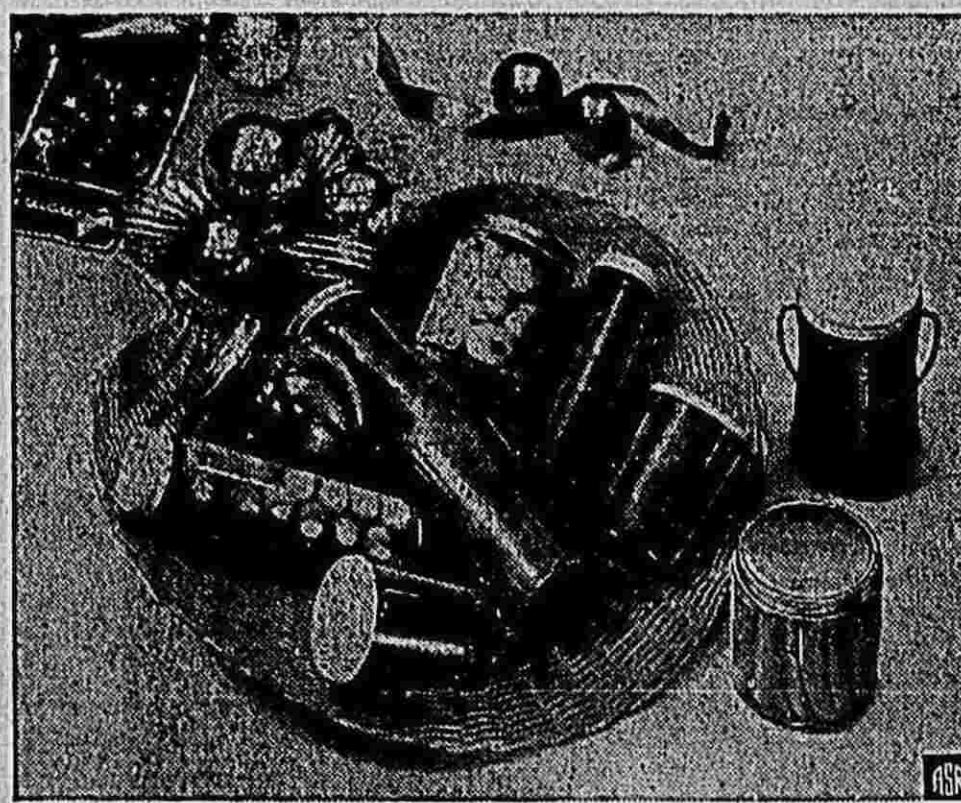

Newest work-saver for homemakers is the modern, buttonless work shirt now being sold in all reputable stores carrying work clothing and it gives greater freedom from mending and laundering than has been possible with the conventional button-equipped shirts.

Housewives who have faced regular button repair work over the years are finding these new shirts eliminate many laundering, ironing, and button-replacement problems. Gripper snap fasteners instead of buttons are on the shirt front and cuffs.

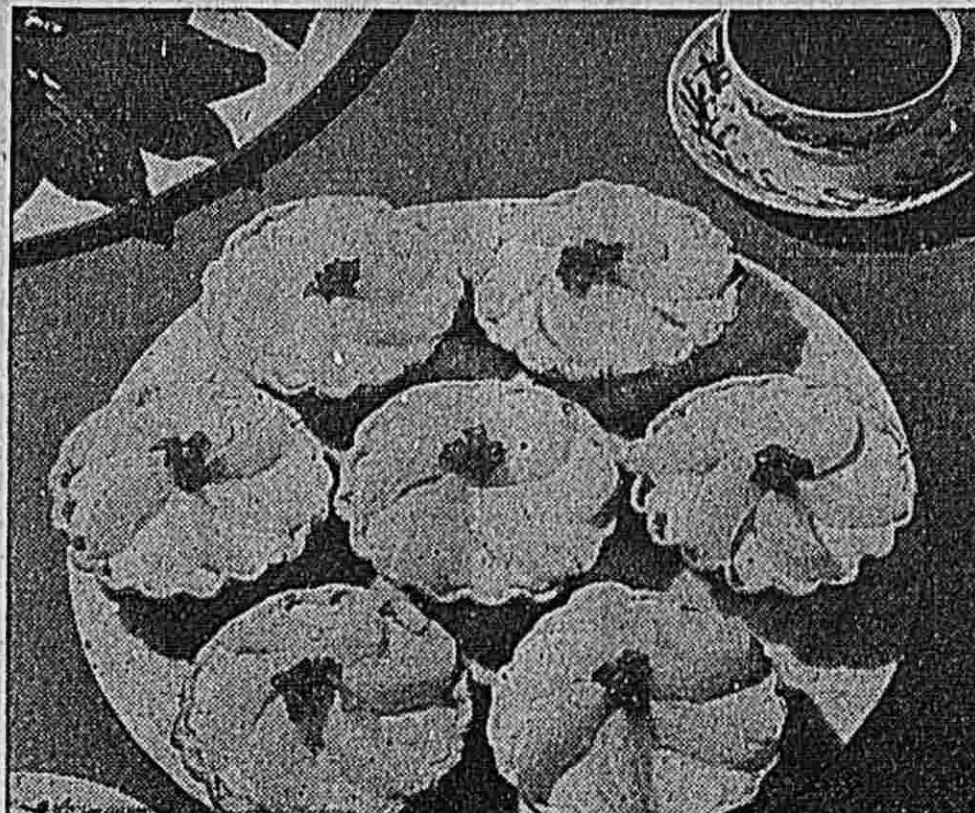

Metal snap fasteners do not crack or chip and, of course, button holes with their usual problems of wearing and fraying are eliminated completely.

These new work shirts stay cleaner in use because the wearer does not have to fumble all the way up the front with soiled hands to get such a shirt open. The snap fasteners hold firm and sure for the life of the shirt, yet it takes just a sudden tug to open the shirt all the way. This is considered an important safety feature for men working around moving machinery. If the shirt snaps on something, it would give way rather than pull the man toward danger.

## Pack-Your-Own-Gifts

It is the special touch by you that adds pleasure to every gift you give. Everyone likes the new, the unusual and it is the exciting foods packed in their visible glass containers that make the perfect Christmas gifts. Select foods that will intrigue the receiver. For instance, bottles of exotic salad dressings, almond stuffed olives, capers, rolled anchovies, and a jar of artichoke hearts are a few ideas to arrange in a gift basket for the man who specializes in salads. For the snack server, there are exciting cocktail tid-bits, and unusual spreads, packed in sparkling glass containers. And for a favorite aunt, jars of honey and jellies make handsome displays when tied with a bright Christmas-colored ribbon.

Eggnog Tarts For The Holidays  
Based On Seasonal Milk Product

By using commercially prepared eggnog as the base of chiffon tarts or pie, the preparation of a beautiful holiday dessert is practically done when started. The milk and egg mixture is dairy-assembled. To create the pie filling, unflavored gelatine, sugar and salt are added to the bottled eggnog. Then whipped cream . . . for smooth richness . . . and flavorings are folded in. Finally diced cling peaches go in to golden-fleck the chiffon filling, and peach slices are arranged in a poinsettia design to trim each tart.

Unflavored gelatine captures the air beaten into the whipped cream. That's why this eggnog filling is velvety smooth and light to the tip of the tongue.

Flavor with vanilla and almond extracts or an equal amount of rum or sherry flavoring. Tart shells or a 9-inch baked pie crust hold the filling. And if a packaged pastry crust is used, all ingredients for this modern holiday dessert will be pantry shelf and refrigerator handy.

## EGGNOG TARTLETS

- |                                      |   |
|--------------------------------------|---|
| 1 envelope unflavored gelatine       | 2 teaspoons rum flavoring, optional         |
| 2 tablespoons sugar                  | ½ cup heavy cream, whipped                  |
| 2½ cups bottled non-alcoholic eggnog | 1 can (1 pound) cling peach slices, drained |
| ¼ teaspoon nutmeg, optional          | 6 to 8 baked tart shells                    |

Combine gelatine and sugar in top of double boiler. Stir in 1 cup of the cold eggnog. Place over boiling water and stir until gelatine and sugar are dissolved. Remove from heat; add remaining 1½ cups eggnog. If additional flavoring is desired, add nutmeg and flavoring. Chill until slightly thicker than the consistency of unbeaten egg white. Fold in whipped cream and ½ cup of well-drained, diced peaches. Spoon into pastry tart shells, baked 9-inch pie shell, or into dessert dishes. Chill until firm. Decorate with remaining peach slices in poinsettia motif with finely cut maraschino cherries for flower centers.

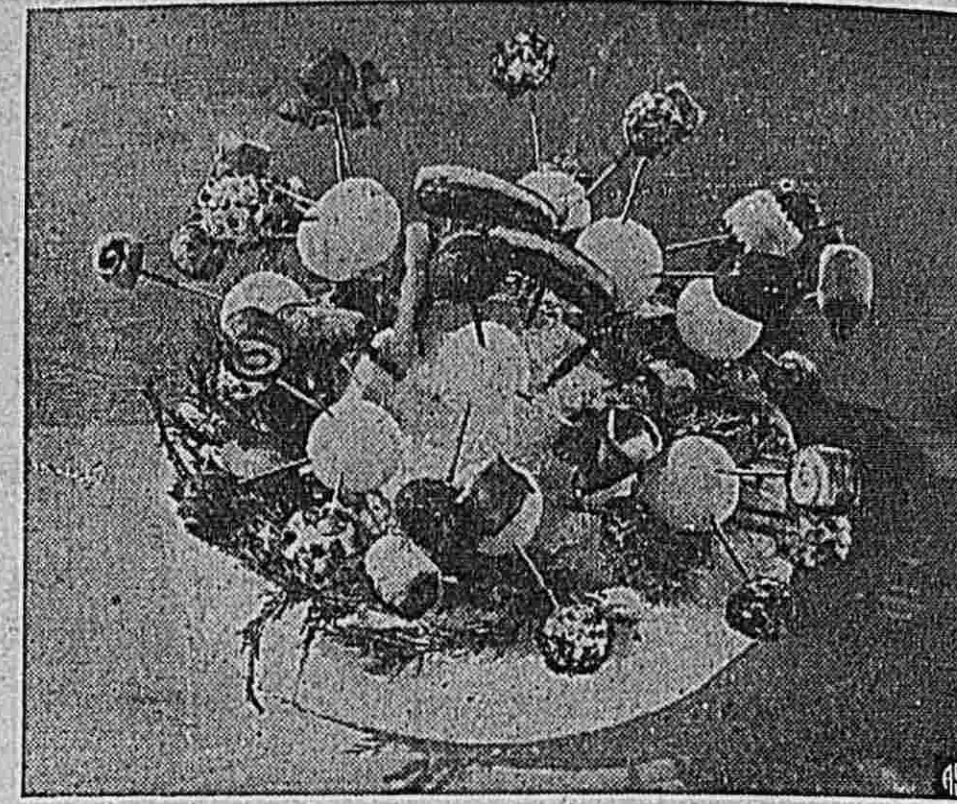

YIELD: 6 to 8

## TIPS ON DINING

Now that Fall is here it's time to think of a stepped-up schedule of activities—getting the children off to school, putting away summer clothes, planning that new permanent—and, of course, this season heralds a return to more formal entertaining after the picnics and barbecues of summer. Crisp weather and flaming fall foliage add spice to these busy days. Some hints to help you with fall plans:

Parties are an ever-popular way to entertain a large group of people, and perhaps a few words about snacks may be in order. A bowl of popcorn or peanuts really isn't enough for nibbling, so why not prepare some more substantial and festive tidbits? A really impressive cheese tray—with several varieties of good cheese—teamed with salted crackers crisped in the oven and dusted with garlic salt; a platter of crunchy raw vegetables surrounding a bowl of your favorite dunk sauce; and assorted nuts (roast them yourself for unusual flavor) are certain to score. Hot hors d'oeuvres, too, always make a hit.

## Holiday Snack Server

Most Christmas fixins are planned weeks ahead so guests will always be welcome and snacks and holiday cookies are always on hand. However, all the delicious foods shouldn't be reserved for guests. You'll find it's as much fun to have some surprise snacks when your family is home watching TV in the evening.

And while everyone is decorating the Christmas tree or wrapping gifts they'll love steaming chocolate to drink with tasty Christmas snacks to nibble on. Simple, easy to make snack foods become something special when they're radiating from a snowball centerpiece you can make yourself.

You'll find the white plastic foam balls hold party picks firmly in place and Christmas greens and decorative tree balls add a festive touch to the table. Use it for a party buffet or on the coffee table for before-dinner hors d'oeuvres. Fresh garden flowers replacing the evergreen make it a year-around decoration.

At your own family party serve gay miniature kabobs on multi-colored toothpicks. Skewer one stuffed olive, a minced ham cube, and a cheese circle all topped with a tangy pickled onion. Be sure to have plenty of cream cheese balls rolled in bits of dried beef and crown other picks with party sausage and all-time favorites, carrot curls and ripe olives.

You'll find the lightweight plastic foam used for the snack holder in sheet form and balls at your local variety store. For the circular base invert a dinner plate on a one-inch thick sheet and cut around it with a sharp paring knife. Then with adhesive glue or toothpicks attach the large half ball (also cut in half with a knife) to the base. For extra sparkle brush glue on the balls and sprinkle with glitter.

## HEY KIDS!!

### Hunter, Spare That Sluggish Rabbit, He May Have Tularemia

Beware of sluggish, slow-moving rabbits. Let stray dead rabbits lie. Wear rubber gloves while dressing game, particularly rabbits.

In issuing these suggestions to Illinois sportsmen as safeguards against tularemia infection, Dr. Roland R. Cross, state public health director, pointed out that while tularemia infects many wild animals, it is most common among rabbits. The disease causes chills, fever and prostration. It is rarely if ever transmitted from one person to another.

Thorough cooking of all game meat is important in preventing tularemia, Dr. Cross said. Freezing meat does not kill the organism which causes the disease.

Due to precautionary measures, tularemia is becoming less prevalent in Illinois year by year. From 272 reported cases in 1940, it has declined to 40 known cases last year. The open season on Illinois rabbits begins Nov. 24 and will run until Jan. 20.

### Car Care Tips

by JIM KANE

You'll be a lot safer this winter, and save money, too, if you prepare carefully for winter driving. So say the experts of the "Prestone" anti-freeze automotive engineering group who pass along these tips on winter car care:

The most important thing before installing a good all-winter anti-freeze is to be certain the cooling system is clean and leak tight. See your serviceman well before the first freeze rush while he has time to do the job right.

In having your car lubricated, why not lubricate everything? Hood, door and trunk hinges and the half dozen or so other places your serviceman can tell you about.

A good engine tune-up is important. So is a general "tightening up". And make sure the battery is fully charged. Terminal connections should be clean and tight for full power. If there's corrosive paste stop the battery cover the air holes with adhesive tape and wash the paste off with clean water and baking soda.

Check your horn. Loud enough? How about the windshield wipers? Will they work properly even on the rainiest days? Accurately focused bright lights are important, too.

Good brakes are vital for safe winter driving. Make sure the braking action is equal on all wheels. And be sure to adjust the emergency brakes too. Look for cuts, bruises or unusual bumps on your tire. Tread grooves should be deep enough for traction on slippery surfaces. Check the spare tire too.

## OUT ON A LIMB

By Strumpy McCulloch

Accordin' to Ol' Hemlock, two city fellers hired a horse and buggy for a fishing trip. They unharnessed the horse while they was fishin'—but when they tried to harness it up again, they ran into trouble. They couldn't figure out how to adjust the bit, and the horse wasn't no help at all!

"Bill," said one of the fellers, "there's jest one thing we can do."

"What's that?" asked Bill.

"Wait for this dad-gummed beast to yawn!"

Well, sir, it was mighty cold outside today! Winter's just around the corner! For me, winter is a breathing spell—a chance to mend fences, repair equipment, and do the other things I've been puttin' off all summer! Winter is also a mighty fine time for tendin' my tree farm!

Lots of fellers who grow trees on their tree farms or wood lots figure winter is the best time for harvesting their trees. 'Cause that's when they have plenty of time. This is the season for cutting and stacking firewood, too—to dry till next year. And, for more and more tree farmers, this is the time to cut Christmas trees—'cause there's good money in Christmas trees these days, you know.

The custom of Christmas trees is mighty old, they tell me. In fact, it dates back to the eighth century, when a feller named Boniface was an English missionary to Germany. At that time, the people made sacrifices to a local god beneath a sacred oak. So, Boniface replaced the oak tree with a fir tree, and adorned it in tribute to the Christ child—and the fir tree has been a German tradition ever since. *O Tannenbaum* is a German carol, you know. Slowly, the Christmas tree spread to other countries. A century ago, German immigrants brought it to America.

## Milestones in Medicine

by Marquerite Clark

In 1901, Walter Reed, an American Army surgeon, was sent to Cuba to determine why more American soldiers had died of yellow fever than of Spanish bullets. Reed proved that the disease is not carried from man to man directly, but is transmitted

by mosquito bites. In a short time, yellow fever cases were drastically reduced among occupation troops by dislodging the disease-bearing insects.

In a sheepfold at Chartres, Louis Pasteur, a French chemist, inoculated the flock with virulent anthrax vaccine. The

sheep survived and built up an immunity to anthrax. To "Pasteur the Dreamer", as he was called, the experiment brought magnificent reality. His principle of vaccine wiped out cholera, anthrax, and rabies, and pointed the way to triumph over polio, and perhaps others to come.

In 1928, Sir Alexander Fleming lifted a delicate frond from the dish of mold growing in his laboratory. Just a lab curiosity then, we recognize it today as penicillin, the first of the antibiotic wonder drugs. While there was not enough in the whole world at that time to save the life of a dying man, mass production was started in the United States in 1943, and now there is enough to treat 500,000 sick persons each month.

Countless hours of laboratory work and the participation of thousands of children and adults resulted in the development of a toothpaste containing stannous fluoride by Dr. Joseph Muhler of Indiana University. This scientific advance makes available to everyone the benefits of decay-reducing stannous fluoride.

Tree farming is getting to be a big business these days. Every year, farm woodland owners sell seven hundred million dollars worth of forest products in the United States—or about one-third the value of the nation's annual wheat crop!

"That big rooster has been makin' love to me," said the first hen.

"Did you give him any encouragement?" asked the second.

"Jest egged him on a bit!" replied she.

**Postal Savings**  
Postal banks were established in the U.S. in 1911.

**U.S. Area**  
The total area of the United States exceeds 3,000,000 square miles.

## Driver Training Is Cheaper Than Crashes

Says U. I. Expert

For less than half of what highway accidents cost Illinois in one year, all the state's high school students could be given driver education for the net 40 years says Prof. A. E. Florio of the University of Illinois, who has made a study of the relation between accident losses and driving programs in schools.

Prof. Florio points out that in many states driver education has reduced highway fatalities, accidents, and violations involving teenagers by 40 to 60 per cent. Many insurance firms lower rates for

young drivers who have completed such courses.

Though 562 of Illinois' 716 public high schools offer some driver education, only 14,000 of the 230,000 eligible students receive complete driving courses says Prof. Florio, who points out that driver education

—including classroom and practice instruction—can be provided at a cost little more than \$33 per student.

So dramatically new, even the door locks are electric!

A detail, to be sure. But then, this 1957 Lincoln was designed to be detail-perfect, to be the finest of the fine cars! You'll see the proof everywhere you look: in the long, low, trend-setting lines, the new industry-pacing Quadra-Lite Grille, the sweeping flare of canted rear blades, the double-width parking lights. You'll find a new kind of perfection in Lincoln's elegant appointments, in the smooth new serenity of Hydro-Cushioned

Ride. And in the effortless driving that only Lincoln's complete array of power-servants gives you, from 6-way power seat to electric door locks. Best of all is the performance that puts you instantly ahead of all other fine cars; assured by the 300-hp Lincoln engine—with its quick-acting Turbo-Drive Transmission. Why not come in today—see America's fastest growing fine car. Unmistakably the finest in the fine car field.

## OUT ON A LIMB

By Stumpy McCulloch

Years ago, a city feller went to visit Tom Thumb, the famous midget. But when he knocked at the little feller's door, it was opened by a giant nine feet high! "Pardon me, I must have the wrong house," the feller said. "Who was you lookin' for?" asked the giant. "Tom Thumb, the dwarf!" "That's me," said the giant. "I'm Tom Thumb!" "You?" shouted the feller. "Why, you're nine feet tall!" "I know," said the giant. "This is my day off."

Good management of a farm wood lot sure pays! Sam Clashman, that farmer out in Indiana, earns \$2.80 per acre per year from his 36-acre wood lot, you know, and that's on rough land that wouldn't be suitable for crops or pasture. But it pays in other ways, too, Sam says. "You have constant employment. You're able to use your cull and inferior trees. Your quality trees are given more space and will grow more rapidly. And you're protecting your soil from erosion and your wildlife for enjoyment and consumption." That makes good sense to me!

By the way, if you're lookin' for more information about tree farming and the techniques of cuttin' down trees, I think you might like to own a little yellow booklet called "How to Use a Power Chain Saw." These booklets are available free to anybody who'll write to the advertising department, McCulloch Motors Corp., Los Angeles 45, Calif. I wrote for one. Why don't you?

Well, Ol' Hannibal is back from his Yellowstone vacation, with some tips on how to get along with bears in our national parks! 1) Keep at a distance when you're snappin' their picture! 2) Watch out for a mother bear and her cubs! 3) Don't throw rocks, yell at, or otherwise disturb a bear! 4) And don't feed him! Follow these rules, says Hannibal, and you'll find a bear as easy to get along with as a chipmunk!

The United States produced more than a third of the world's output of lumber last year—most of it from privately-owned land!

"What's the greatest contribution chemistry has given the world?" a feller asked Ol' Cyprus the other day.

"Blondes!" replied Cyprus.

So long, folks. See you soon!

## Wake Up and Smile

WITH a cheery breakfast, your gang of sleepyheads will wake up and smile! Yes, knowing what's ahead in the kitchen makes alarm clocks almost unnecessary.

Start the day out right with a poppy throat-queener: a glass of garden-flavored V-8, either steaming hot or frosty cold. Whichever way, its lively flavor will open up eyes and put a smile on faces. V-8 juice supplies good quotas of vitamins A and C, both valuable for keeping folks "in the pink." Garnish with scalloped lemon slices, or serve plain. All hands will clamor for seconds.

Follow with a French omelet, crisp bacon slices, easy hot cinnamon biscuits and your favorite beverage. With a little "plan ahead," the smart homemaker can make an attractive, taste-stimulating breakfast that's fun and good as "it should be" for the most important meal of the day.

**V-8 Juice**  
Hot cinnamon biscuits  
French omelet with bacon slices  
Coffee, Tea or Milk

**French Omelet**  
2 eggs  
2 tablespoons milk or cream  
Dash salt  
Dash pepper  
2 teaspoons butter  
Beat eggs until fluffy. Beat in milk or cream and salt and pepper. Melt butter in small skillet. Pour in egg mixture. Cook slowly, over low heat. As the omelet begins to set, lift slightly with a spatula to let uncooked portion flow underneath. As soon as all of mixture is set, fold; serve immediately. Makes 1 serving.

## Now It's Strawberry Muffins

TO THE BORN COOK there is no perfume in all the world better than the aroma of freshly baked home made breads, yeast raised or quick breads. Muffins come to mind, for breakfast, for afternoon hospitality. And for an agreeable change, we suggest this recipe for Strawberry Muffins from the Minute Maid-Snow Crop Frozen Foods Test Kitchen. Delicately flavored, light and moist, they capture all the summertime fragrance of strawberries at their best.

### Strawberry Muffins

2 cups sifted flour  
2 tablespoons sugar  
1/2 teaspoon salt  
1/2 teaspoon baking soda  
2 teaspoons baking powder  
1 10 oz. pkg. Snow Crop Quick-Frozen Sliced Strawberries, thawed  
Milk  
1 egg, well beaten  
4 tablespoons butter or margarine, melted and slightly cooled

Sift together dry ingredients. Drain juice from thawed strawberries. Add strawberries to dry ingredients and mix lightly. Add milk to juice to measure one cup. Add liquids to beaten egg. Pour all at once into flour-strawberry mixture. Stir until all flour is moistened (about 15 to 20 strokes, do not overbeat). Quickly stir in melted and slightly cooled butter or margarine. Fill into greased muffin pans two-thirds full. Bake in hot oven (400° F.) 20 to 25 minutes. Makes approximately 15 2 1/2-inch muffins.

**Did You Know:** The secret of making of good muffins is not overbeating. Too much gives you humps, tunnels and goodness knows what. Fill your greased pans no more than two-thirds full and be sure to have your oven temperature correct—hot, in this case!

FNS

## Lindenhurst

Mrs. John Selzer - Correspondent  
Telephone Elliott 6-1172

Mrs. James Mumbauer of Maplewood Dr. was hostess to a Stanley party this past week. Mrs. Konklin of Kenosha was the demonstrator. Fourteen of Mrs. Mumbauer's friends and neighbors were present.

Miss Donna Sherwan of Lindenhurst will be 13 on November 24. She is planning a small party.

Tenth District delegates of Lake Villa Township No. 1219 American Legion Auxiliary, Mesdames Allene Nelson, Dolores Blue, Irene LaMont, and Irene Cremieux attended the November meeting last Wednesday at Highland Park. Mrs. Nelson reported her unit to be eight over 100 per cent.

The Junior Auxiliary of Lake

Villa Township No. 1219 will hold its regular meeting on Nov. 28 at the Legion hall. The meeting will be called to order at 3:45 p. m. by the chairman, Mrs. Allene Nelson.

Arriving Thursday morning for a week-end visit in the John Selzer home were Mr. and Mrs. John H. Molitor and Mr. and Mrs. Erle Quick of Gowrie, Iowa. Mr. Molitor is Mrs. Selzer's brother.

Dinner guests Sunday in the home of Allen Molitor of Wilmette were Mr. and Mrs. John Selzer and sons and their house guests, Mr. and Mrs. John Molitor and Mr. and Mrs. Erle Quick. The Molitors and Quicks left Sunday evening for their home in Gowrie.

Mr. and Mrs. John Selzer were guests Monday evening in the Winnetka Park District Shelter House at a party given in honor of Mr. Selzer's father, Peter Selzer, who was feted in honor of his 25 years of service.

## Tips on Traffic Safety

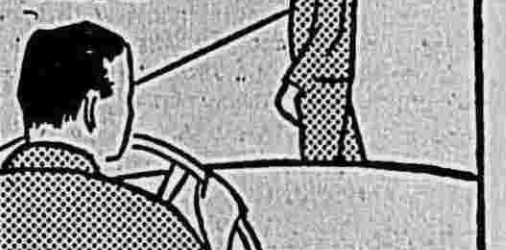

By  
CHARLES F. CARPENTIER  
Secretary of State

Figures provided by the Division of Traffic Safety show that during the month of December last year 246 persons died on Illinois highways. That means that an average of eight persons lost their lives on each and every day of that month.

Fifty-six, or almost one-fourth of this total, of the victims were pedestrians. This illustrates once more that both the motorist and the pedestrian must concentrate more on their individual responsibilities.

The month of December always ranks high in highway fatalities. The increased hours of darkness, ice, snow, rain and sleet, and holiday preparations add up to the high toll. But in spite of these added handicaps to the driver, as well as to the pedestrian, a high fatality

## HEED THE RULES OF THE ROAD

toll is unnecessary. If each driver and pedestrian will remember to heed the rules of the road, we will be able to reduce the needless slaughter on our roads.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

# Everything's New including the View

in each '57 Buick-SPECIAL, CENTURY, SUPER, ROADMASTER

WHEN we tell you the 1957 Buick is new, we're not kidding.

Because we don't mean just new this or new that. We mean new everything.

We mean everything you can't see, as well as everything you can.

And even the "seeing" is new from both the front seat and the rear seat—for the new, wider, rakishly angled panoramic windshield with its 200 more square inches of glass area widens the forward view of all passengers.

Take other examples.

Its styling is new. Never before have you seen a Buick like this one—sleek and stunning, and low as a cat-crouch.

Its engine is new. Never has any Buick boasted so big, so powerful, so obedient an engine as the purring V8 engine that gingers every '57 Buick.

Its performance is new—and right here

we mean new like nothing else you ever experienced before.

For now, with Buick's new record horsepower, there's a new advanced Variable Pitch Dynaflo\* that's so instant in action, so vividly responsive, so smooth and flexible and full-torque throughout the entire "Drive" range—the need for "Low" is virtually eliminated.

But there's even more than all this to the newness of every '57 Buick—SPECIAL, CENTURY, SUPER and ROADMASTER.

There's a completely new chassis that gives the car the lowest center of gravity in Buick history—for a steadier, safer ride. And a new kind of ball-joint suspension for surer handling, safer cornering, and a wonderful new levelized braking.

There are safety features galore—new safety-padded instrument panel, new dip-center safety steering wheel, new controls recessed out of harm's way—even an ingenious new Safety-Minder\* that lets you know when you reach the miles-per-hour you've preset for yourself.

Of course, the only way to get the whole, new wonderful story is to take the wheel and let this big new car do its own talking.

And that's something we'll be most happy to arrange first chance you get. Come in today.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Minder standard on Roadmaster, optional other Series.

## Hickory Corners

Mrs. Wm. Thompson, Correspondent  
Tel. 583W2

Mrs. Richard Wells was called to Milwaukee on Wednesday. Her father, Carl Zello, passed away in the hospital. Mr. and Mrs. Andrew Magiera, Mrs. Curtis Wells and Richard Wells attended the funeral of Mr. Zello in Milwaukee Saturday morning. Mrs. R. Wells and two daughters remained at the home with her mother, Mrs. Zello, for a little visit.

Mrs. Eva Alling of Waukegan visited the Bert Edwards family Sunday afternoon.

Mrs. Leonard Micheles and daughters, Donna, Linda and Jeanette from Bassett, Wis., were Sunday afternoon callers at the Gordon Wells home.

Oscar Finkel left on Tuesday, Nov. 13 on a 10 day business trip to New York City.

Mr. and Mrs. Harold Butler and children from Waukegan were Sunday afternoon and supper guests at the Curtis Wells home. Sunday evening visitors were Mr. and Mrs. Warren Wells and son from Gurnee.

Mr. and Mrs. Eddie Van Patten and John and Judy were Saturday evening callers at the Leo Bogaerts home at Oakwood Knolls.

Mr. and Mrs. Curtis Wells called on Miss Elizabeth Webb and her brother, Raymond Webb at their home in Antioch Thursday afternoon.

Mrs. George McNeil and daughter, Beverly, of Kenosha visited Mr. and Mrs. Fred Leable Sunday afternoon.

## Shakespearian Record Set by Ohio Town

YELLOW SPRINGS, O. — This community of 3,000 recently reached a goal with the opening of "Hamlet" by the Antioch Shakespeare Festival.

Yellow Springs became the first American community to have experienced presentation of all known plays by Shakespeare.

And the record of producing the entire Shakespeare canon in a five-year period is shared with only one other theatrical group in the English-speaking world—London's Old Vic Theater.

## Crossbred Is Champ

STORRS, Conn. — A crossbred hen set a new world's egg production record at the 45th annual Storrs egg laying test at the University of Connecticut.

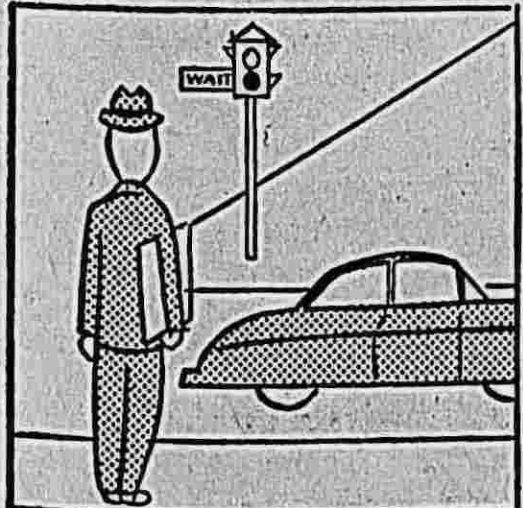

The hen, owned by J. J. Warren, of North Brookfield, Mass., laid 342 eggs and topped 6,370 birds of all breeds in the test.

## Tips on Traffic Safety

By  
CHARLES F. CARPENTIER  
Secretary of State

Many a motorist is unaware of his obligation to yield the right-of-way to a pedestrian. Illinois law states that a motorist must yield the right-of-way to any pedestrian crossing a roadway within a marked crosswalk or within any unmarked crosswalk at an intersection where no traffic signals are in place or operation. (Section 74, Uniform Act Regulating Traffic.)

All of the responsibility is not upon the shoulders of the driver. Pedestrians, too, have their obligations. They must heed all traffic

signals. (Section 73, Uniform Act Regulating Traffic.) The careless pedestrian who does not heed a traffic signal is foolishly risking his life. One of the prime reasons traffic signals are erected is to prevent injuries and save lives. They lose their value if pedestrians do not obey them.

A recent survey revealed that most pedestrian victims are elderly or infirm persons who aren't quick enough afoot to avoid an approaching vehicle. These persons—as well as the younger victims—need every consideration possible from the driver of a vehicle weighing many times that of the victim.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

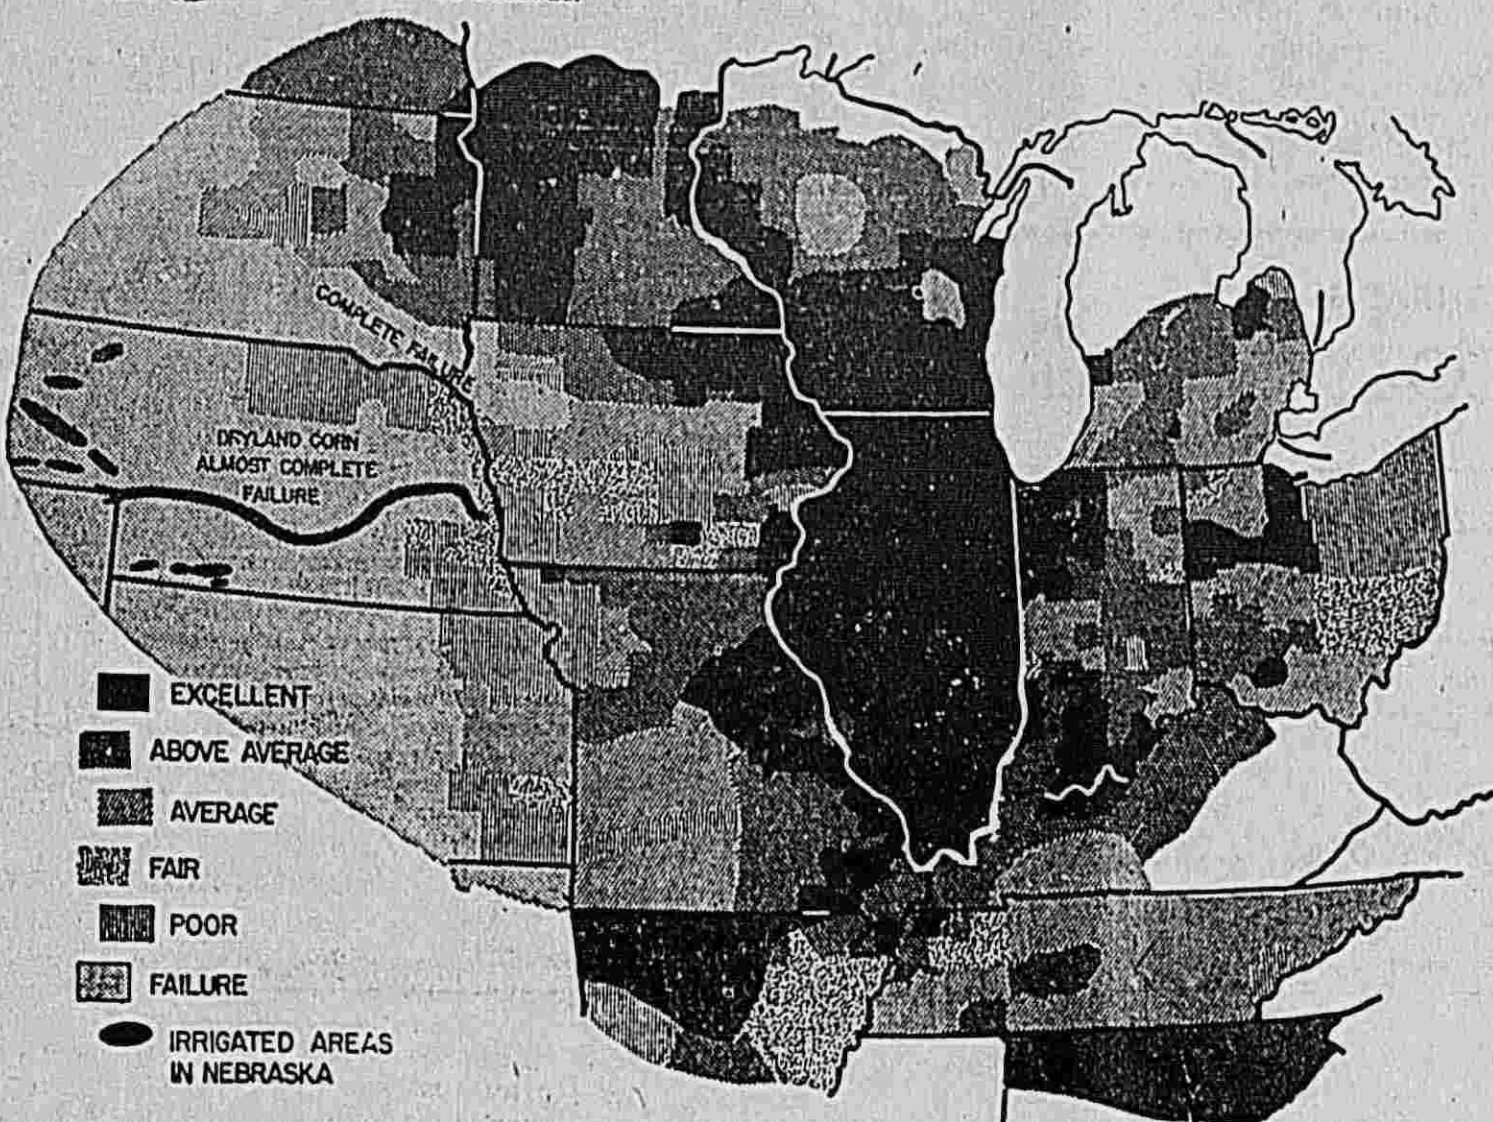

## Buying Fish

When buying fresh fish, look for those that have bright clear eyes, uniform reddish-pink gills, and shiny scales that adhere closely to the skin.

## 1956 CORN CROP HARVEST REPORT

Based on detailed information from DeKalb's Crop and Weather Observers.

Illinois is the center of corn production this year with an almost 100% "Excellent" crop. Yields decrease both east and west. West of Illinois low subsoil moisture and insufficient rainfall cut yields; east of Illinois, a late spring, excessive rain and a cool summer limited production. The national crop of 3½ billion bushels will be the second largest ever. Illinois' expected acre yield of 66 bushels and total production of 586 million bushels will both be records.

## Lake Villa

Mrs. Fred Barlett, Correspondent  
Tel. Elliot 6-4454

Antioch, Ill.

For its weight—  
**THE MOST POWER**  
of any truck in history!

This one you have to see  
and drive. It's the phenomenal  
new GMC Blue Chip light-duty  
Money-Maker for '57.

It has 206 horsepower—one for every  
15½ lbs. of its weight. That's more engine  
than you'll find in most trucks four times  
its rated capacity.

So it can handle a tremendous amount  
of truck-work—do it day in, day out,  
without a struggle or strain. You'll marvel  
at its spirited response—even with a full  
load.

In fact, there's a real thrill awaiting every  
first-time rider in this new GMC. Blind-

folded, you couldn't tell its serenely  
smooth and comfortable travel from that  
of a costly car. That's from GMC's  
exclusive RSD Suspension\* that smooths  
the roughest roads—smothers the  
smallest bumps.

And you not only ride in comfort—  
you ride in style! For GMC Blue Chip  
lines are long and low—colors are dashing  
—cabs, luxuriously appointed. It's a

brilliant new contender for the attention  
of station-wagon users.

Add them up: matchless appearance—  
incomparable roadability—huge reserves  
of power-stamina for extra years of serv-  
ice! In any kind of truck-work this GMC  
is a money-maker! Come see it—now!

\*Standard on Suburban, optional at slight extra cost on  
other ½-ton models.

# Silk and Dynamite

Here's performance that  
is all new...from a fan  
that saves horsepower  
to the kind of air  
the engine breathes!

STRAIGHT OUT OF TOMORROW

# Mercury for '57

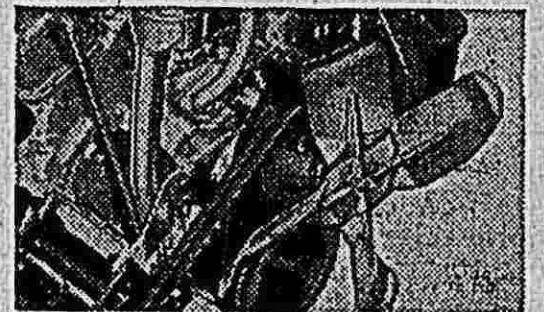

with DREAM-CAR DESIGN

Don't miss the big television hit, "THE ED SULLIVAN SHOW," Sunday evening, 7:00 to 8:00, Station WBBM-TV, Channel 2.

960 MAIN ST. **FEYERABEND LINCOLN - MERCURY, INC.** ANTIOCH, ILL

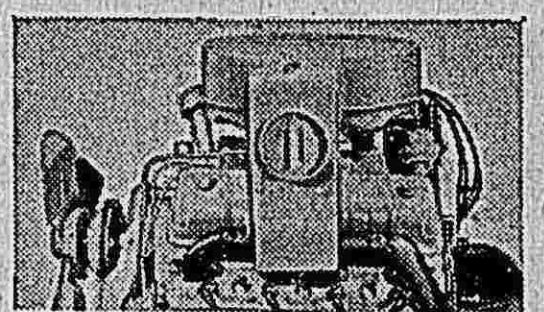

## Only Mercury offers you these dream-drive features

The "silk" is Mercury's exclusive Floating Ride. The "dynamite" is the mightiest power in Mercury history—a new 290-hp Turnpike Cruiser V-8 engine. And here are some of the "dream-drive" features:

**AN EXCLUSIVE POWER-BOOSTER FAN SAVES HORSEPOWER** in Mercury's Montclair series—a first in American engine design. When fan isn't needed for engine cooling it coasts—saves power other cars waste, and results in a far quieter ride.

**EXCLUSIVE FLOATING RIDE ABSORBS BUMPS AND NOISE**—A combination of 4 of the most effective bump-smothering features ever put between you and the road, including new Full-Cushion Shock Absorbers and new swept-back ball-joint suspension. Vibrations and bumps are absorbed before they get to you.

**EXCLUSIVE THERMO-MATIC CARBURETOR** controls the temperature of air the engine breathes, keeps it uniform summer and winter. Engine starting is easier. More power is available. And you save gas.

But these are only samples of the dream-car features you can expect in THE BIG M. You'll see dozens more at our showroom. Come in today. Dream-test the big, big, BIG M.
